## I. Data Characteristics

### Coverage

Data are re-disseminated on the indices of shares quoted on the Karachi Stock Exchange (KSE), Karachi. The daily data are re-disseminated by publishing selected indices in the monthly "Statistical Bulletin".

There are 2 indices available including the overall index and the sensitive (comprising 100 companies) index. The base year for the indices is 2000-2001=100.

The KSE indices are calculated every 2 minutes during the trading session and the data are refreshed automatically. The refreshed indices are displayed for the public on television through the net work of web tech. Indices shown on the Internet website (<http://www.kse.com.pk>) are made available with 30 minutes delay. The market trading hour are 09:00 to 16:00 Mondays to Fridays.
