LOANS, OVERDRAFTS AND GUARANTEES

Part A – Rupee Loans

1. Regulations governing Loans and Guarantees.

Extension of loans, overdrafts and credit facilities to companies (other than Banking Companies) which are by any means controlled directly or indirectly by persons resident outside Pakistan and to residents against guarantees or collaterals lodged outside Pakistan, obtaining of loans and overdrafts in foreign currencies and giving of guarantees on behalf of residents of Pakistan in favour of non-residents or on behalf of non-residents in favour of residents, are regulated under sub-section (2) of Section 18 and Sections 4 and 5 of the Act. This chapter contains the general regulations covering grant of such loans, overdrafts, credit facilities and guarantees.

2. Definition of Foreign Controlled Companies.

Section 18(2) of the Act imposes restrictions on lendings to any company, not being a banking company, which is by any means controlled, whether directly or indirectly, by persons resident outside Pakistan. For the purposes of this section a company, which term includes a firm, branch or office of a company or firm, is deemed to be controlled directly or indirectly by persons resident outside Pakistan, if

- (i) it is a branch office of a company incorporated outside Pakistan, or
- (ii) in the case of partnerships, if
 - (a) 50% or more of the capital of the partnership is owned by foreign nationals, or
 - (b) the majority of the partners are foreign nationals, and
- (iii) in the case of companies incorporated in Pakistan, if
 - (a) 50% of the shares or more are subscribed by foreign nationals, or
 - (b) 50% of the Directors on the Board of Directors or more, are foreign nationals. In the case of equal share-holding, a company is deemed to be a Pakistani controlled company, if its Chief Executive is a Pakistan National.

3. General permission for lending to Foreign Controlled Companies for working capital.

Authorized Dealers are authorized to grant rupee loans and credits to foreign controlled companies for meeting their working capital requirements subject to observance of Prudential Regulations prescribed under the Banking Companies Ordinance.

4. Local Borrowings for Capital Expenditure.

Foreign Controlled Companies are normally required to meet their requirements of capital expenditure out of their Rupee resources or from loans raised abroad with the permission of the Federal Government/State Bank. In special circumstances such companies are allowed to raise Rupee resources through medium and long term local borrowings. As an exception, foreign controlled companies engaged in manufacturing are permitted to meet their

requirements of capital expenditure by taking loans from banks, Development Financial Institutions and other financial institutions or by issuing Participation Term Certificates etc.

5. Borrowings by Individual Foreign Nationals.¹

Authorized Dealers have general permission to grant Rupee loans/overdrafts to Foreign Nationals up to the extent of their requirement subject to the observance of relevant Prudential Regulations.

6. Loans and Overdrafts to Non-Residents including Loans for Purchase of Residential Plots/Houses/Flats by Overseas Pakistanis.

(i) Authorized Dealers may grant purely short term Rupee loans or overdrafts to their overseas branches and correspondents, in the normal course of their business, without reference to the State Bank, provided such loans or overdrafts are created as a result of negotiations under Rupee Letters of Credit, established by the overseas banks to finance exports from Pakistan, and are liquidated within a period not exceeding two weeks.

(ii) Authorized Dealers may grant Rupee loans to those Pakistan Nationals resident outside Pakistan, who are maintaining Foreign Currency Accounts with them, against the security of the balances held in such accounts.

(iii) Authorized Dealers/Development Financial Institutions/Housing Finance Institutions may grant rupee loans to those Pakistan nationals who are working outside Pakistan, for purchase of residential flats/plots/houses in Pakistan up to 90% of the cost/price of the flat/plot/house subject to the condition that the loan will be liquidated by the borrowers through remittances from abroad in foreign exchange through normal banking channel or by debit to their Foreign Currency Accounts. The initial down payment of the purchase price of the flat/plot/house up to 10% of the total price can be financed by the purchaser/borrower from his savings in Pak rupees.

The above permission is, however, subject to the following terms and conditions:-

- a. The rupee loan shall be extended to those non-resident Pakistanis only who are working abroad and do not own immovable property outside Pakistan, for the purpose of purchasing a residential plot or house/flat and not for any commercial purposes.
- b. Loans will be extended by the banks/DFIs/Housing Finance Institutions subject to observation of the normal rules and Prudential Regulations.
- c. Sale proceeds of the residential plot/flat/house on disinvestment shall not be eligible for repatriation in foreign exchange or for credit to a Foreign Currency Account/Convertible Rupee Account of the purchaser/owner.

7. Loans and Overdrafts against Guarantees of Non-Residents or against Collateral held outside Pakistan.

Authorized Dealers are given general permission under the Foreign Exchange Regulation Act, 1947 to grant rupee loans to their clients (including foreign controlled companies) against guarantees of non-residents/guarantees received from banks functioning abroad, subject to compliance with the credit restrictions imposed by the State Bank of Pakistan.

Part B- Foreign Private Loans

8. Private Foreign Currency Loans.

In terms of section 4(1) of the Foreign Exchange Regulation Act, borrowing from abroad without the previous general or special permission of the State Bank is prohibited. The State Bank has given general permission to Private Sector entrepreneurs to obtain foreign currency loans from banks/financial institutions abroad, parent companies of the multinationals and as suppliers credit including credits under PAYE Scheme, not involving government guarantee, for financing foreign currency cost of the projects covered by the government's Industrial/Investment Policy and the instructions issued by SBP from time to time. The loans should be contracted on the best possible terms. The repayment period of such loans/credits, however, should not be less than five years.

²However, pre-payment of Foreign Private Loans (other than the Government guaranteed loans), is permissible on a case-to-case basis.

The above facility can be availed by borrowers who have the Rupee counterpart available with them or they have the capacity to generate Rupee funds at their own and that the loans are otherwise remittable i.e. the remittance formalities have been completed.

All applications in this regard should be forwarded to Director, Exchange Policy Department, State Bank of Pakistan, I.I. Chundrigar Road, Karachi with full details for consideration and necessary approval.

9. Pay-As-You-Earn (PAYE) Scheme.

Since February, 1973 the Government has instituted a scheme of Suppliers Credit called PAY-AS-YOU-EARN (PAYE) Scheme under which entrepreneurs in the private sector can negotiate foreign currency loans for import of plant and equipment for export oriented industries either for establishment of new industrial units or for balancing, modernization, replacement and expansion of the existing export oriented units. The industries covered by the Scheme are:

- (i) Export oriented industries which include:
 - (a) Industries such as fish processing and modern rice milling, the bulk of whose production is exported, and
 - (b) Industrial units set up for export market within industrial sub-sectors which serve both the local market and the export market, such as textiles, carpets, leather, fruits and vegetables. Units, to qualify under this category, must give a guarantee to export 50% or more of their total output. In special cases such as engineering goods, the limit may be reduced to 25% in the first three years and 33% thereafter.
- (ii) Sub-contracting arrangements for exports under which manufacturing units are established in response to specific orders, which are received from the foreign non-resident firms by local manufacturers as a sub-contractor, and
- (iii) Service industry like hotels etc.

² F.E. Circular No. 21 Dated December 21, 2002.

10. Features of the Scheme.

The main features of the PAYE Scheme, 1973 are as under:

- (a) Advance payment upto 15% of the C & F value of the machinery may be allowed provided the sponsors give an undertaking that in case machinery is not imported by the stipulated date, they will repatriate the foreign exchange to Pakistan or pay to the Government penalty amounting to 27% of the advance payment or any portion thereof which remains unrepatriated plus interest on it at the rate of 9% from the date of the remittance.
- (b) Projects established under the PAYE Scheme will be allowed a maximum of 50% of the F.O.B. value of their foreign exchange earnings in respect of goods manufactured and exported by the concerned units established or expanded under the Scheme for meeting their debt liability and other foreign exchange payments on account of royalty, technical fee and incidental charges.
- (c) If in any financial year, the debt servicing liability cannot be met out of the prescribed percentage of earnings in that year, the sponsors will have to pay to the Government penalty to the extent of 27% of the Rupee equivalent of the short-fall.
- (d) If a project has been established against a loan in convertible currency, it will be required to meet its obligations in convertible currency. Where a project has been set up on the basis of a loan repayable in commodities, export of commodities to the lending country will count towards repayment of the loan. Export against convertible currency made by the units concerned from the new capacity created under the Scheme to countries other than the lending country, will also count towards repayment of the loan.

11. Procedure for import of machinery and registration of repayment schedule.

- (i) Foreign currency private loan agreements and suppliers credit agreements including credit agreements under PAYE Scheme as permitted under para 8 *ibid* will be submitted to the State Bank for registration through the Authorized Dealer designated for the purpose within 30 days of the date of Agreement.
- (ii) The Authorized Dealer will furnish the original loan/credit agreement alongwith five copies, a list of the company's Directors, project report showing the details of the project including its cost (broken into local cost and foreign exchange cost), location of the project and copy of Certificate of Incorporation of the company to the Investment Division, Exchange Policy Department, State Bank of Pakistan, Karachi. In the case of Buyer's Credit, three copies of the purchase contract will also be furnished.

- (v) The loan amount from foreign banks/financial institutions can be deposited in a foreign currency account to be opened under the general permission given vide paragraph 9 of Chapter 6.
- (vi) After registration of the agreement with the State Bank, remittance of down payment may be made by the Authorized Dealers to the extent provided in the agreement. Such

remittances shall be reported to the concerned area office of Foreign Exchange Operations Department, SBP-Banking Services Corporation, on Form 'T' which, for statistical purpose is to be coded by them with appropriate commodity code on Schedule E-2 with Department code as 750.

(vii) Alternatively, the sponsors may arrange a loan for financing down-payment to the suppliers of plant and machinery. Such a loan will be subject to registration in accordance with the above procedure.

(viii) In order to establish the value of plant and machinery imported under the loan/Supplier's Credit, including credits obtained under PAYE Scheme, the sponsors will, immediately on receipt of the consignment, submit to the area office of Foreign Exchange Operations Department through the designated Authorized Dealer, the relative import documents viz. Exchange Control copy of Bill of Entry, original invoice and a copy of letter of credit.

(ix) After the liability to the foreign lender/supplier of plant and machinery as mentioned in subparagraph (viii) has been established, the repayment schedule as per specimen given at Appendix V- 87 should be submitted for registration to the Investment Division, Exchange Policy Department, SBP, Karachi in sextuplicate through the Authorized Dealer which has submitted the loan agreement.

12. Repayment under Pay-As-You-Earn Scheme.

(i) After the repayment schedule has been registered by the State Bank, the remittances on account of principal and interest will be allowed by the Authorized Dealer subject to compliance with the requirements set out herein and after deduction of tax if payable. In case of exemption from income tax, a copy of the exemption certificate should be attached with the relative 'M' form. The application for remittance towards repayment of cost of plant and machinery and interest accrued thereon (installment) will be submitted on the prescribed form (Appendix V- 88) to the Authorized Dealer whose name appears on the related repayment schedule. The application should be signed by the applicant and certified by the bankers and must be accompanied by Export Realization Certificate in the prescribed form (Appendix V- 89). The application will be accompanied by two forms 'M' i.e. one for the amount of principal and the other for the amount of interest. Remittances on account of repayment of principal and payment of interest should be coded by the Authorized Dealers as 1830 and 1220 respectively, on Schedule E-4 with Departmental Code as 775 in each case. Where the amount of 50% of the FOB value of export earnings of an industrial unit or enterprise in any financial year, upto the date on which the installment has fallen due, is not sufficient to cover the debt liability and other liabilities as laid down in Clause 7 of the Scheme, the remittance may be allowed by the Authorized Dealer concerned on submission of an undertaking by the applicant to the effect that he will submit evidence of having repatriated sufficient export earnings during the financial year concerned, to cover the remittance and that in case there is any shortfall, a penalty amounting to 27% of Rupee equivalent of the excess remittance plus interest thereon @ 9% per annum from the date of remittance, shall be paid to the State Bank on account of the Federal Government by the 8th July of the next financial year. This undertaking should be countersigned by the Authorized Dealer concerned, who should assume responsibility for the payment of the penalty and interest and forward the undertaking to the State Bank alongwith the form 'M' covering the remittance.

(ii) In respect of remittances made under the PAYE Scheme, the Authorized Dealers will send to the SBP-Banking Services Corporation every month statements in triplicate in the prescribed forms (Appendices V- 90 & V- 91).

In case any discrepancy is found in the information contained in an application (Appendix V-88) or export realization certificate (Appendix V- 89) on the basis of which an Authorized Dealer has allowed remittance of principal and interest, the applicant will be required to arrange for repatriation to Pakistan of the amount, if any, remitted in excess or alternatively on demand by the State Bank, pay to it on account of the Federal Government penalty amounting to 27% of Rupee equivalent of the excess remittance plus interest thereon @ 9% per annum from the date of remittance. The Authorized Dealer who has allowed the remittance shall be responsible for compliance with the above requirements including payment of penalty and interest.

13. Payment of Penalty-Head of Account.

The penalty of 27% recoverable from the applicants under the above Scheme should be deposited with the SBP-Banking Services Corporation by the concerned project or its bankers on challans filled in quadruplicate for credit to Federal Government's account with the State Bank under the head "1000 Non-Tax Receipts1300 Miscellaneous Receipts-1390 others-Fees, Fines and Forfeitures".

14. Repayments under loans/credits other than PAYE Loans.

(i) After the repayment schedule has been registered by the State Bank, the remittance on account of principal, interest and other charges will be allowed by the Authorized Dealers strictly in accordance with the approved schedule. Remittance of interest will be effected after deduction of tax, if payable. In case of exemption from income tax, a copy of the exemption certificate should be attached with the relative 'M' form. Remittances on account of repayment of principal and interest shall be reported separately on forms 'M' and coded as 1952 and 1212 respectively with Department code 121. Such 'M' forms should be prominently marked at the top as under:

"Remittance of Principal/Interest under Loan/Supplier's Credit vide Repayment
Schedule Registered with the State Bank under Registration No
....."

(ii) In some cases of Loans/Supplier's Credits, interest is payable at a varying rate linked with LIBOR. In such cases, it would not be possible for the borrowers to show in advance the exact amount of interest payable with future installments. It would be in order for the Authorized Dealers in such cases to remit the actual amount of interest calculated on the basis of the formula appearing in the approved contract. They should, however, show the number of days, the applicable rate and the principal amount on which interest has been paid in the 'M' form.

15. Repatriable Foreign Currency Loans by Foreign Controlled Companies.

(i) Foreign controlled companies are permitted to contract foreign currency loans from banks/financial institutions abroad or from their Head Offices/or from other overseas branches/associates for meeting their working capital requirements. The repayment period should not exceed twelve months and the rate of interest should not exceed 1% over LIBOR. Such loans can however be rolled over for further periods not exceeding twelve months each.

(ii) Foreign controlled companies, as defined in paragraph 2 *ibid*, desirous of availing this facility may approach their bankers (Authorized Dealers), who will satisfy themselves that the applicant is a foreign controlled company. Once such a confirmation is obtained, the concerned company may contract the loan and repatriate the amount for credit to their Rupee account with the Authorized Dealer.

(iii) The concerned Authorized Dealer will issue a proceeds realization certificate, and record the particulars of the loan. On maturity, the Authorized Dealer having received the inward remittance will allow payment of interest minus taxes and repayment of principal. While reporting remittance of interest, a certificate confirming the applicable LIBOR and a certificate confirming payment of income tax will be attached with the Form 'M'. If tax is not payable, a copy of the exemption certificate issued by the Revenue authorities will be submitted. While reporting repayment of the principal, a copy of the proceeds realization certificate will be attached with the Form 'M'.

(iv) Branches in Pakistan of foreign companies are not allowed to pay interest on such loans.

(v) Foreign contractors are not allowed to pay interest on such loans, and they can repay the loans only after they have completed the contracted work/project and have submitted clearance certificate from the tax authorities, which should be attached with the Form 'M'.

16. Foreign Currency Loans for Financing Exports.

(i) Those exporters who have valid firm commitments with the overseas buyers for export of goods from Pakistan may obtain short term loans in foreign currencies from abroad or through an Authorized Dealer, to the extent of the value of such firm commitment, to enable them to finance the export of goods from Pakistan. It is permissible to obtain one consolidated loan for all LCs/contracts received in a month or covering shipment required to be made during a month. The Authorized Dealers may issue guarantees to the lenders subject to compliance with Prudential Regulations in force.

(ii) The Authorized Dealers and borrowers will be free to negotiate the interest rates on such loans. The maximum tenure of such loans will be the period generally fixed for repatriation of export proceeds plus a further period of sixty days. The exchange risk will be borne by the borrower.

(iii) The foreign currency amount of loan will be required to be repatriated to Pakistan and encashed with an Authorized Dealer. Such inward remittances will be reported on form 'R' Schedule 'J' with Code No. 9711.

(iv) In case an exporter utilizes this facility, he will not be eligible to obtain export finance in local currency from a bank in Pakistan and the facility under the 'Foreign Currency Export Finance Scheme' for the same export commitment.

(v) The foreign currency loan will be required to be repaid, along with interest, out of the related export proceeds. Where an exporter is unable to export goods against a firm contract/letter of credit against which a foreign currency loan was obtained, he may repay the loan from the proceeds of export of the same or other commodity to the same or a different buyer in any country against another firm contract/letter of credit provided no foreign currency loan has been obtained against the substituted contract/letter of credit. The exporter will instruct the Authorized Dealer, through which the loan was received, and which is negotiating/handling the export documents, to arrange to repay the foreign currency loan and interest accrued thereon, less tax if payable, to the lending institution out of the proceeds of the bill. It is not necessary to repatriate the proceeds of the export bills to Pakistan first and then to arrange remittance in repayment of the debt. The amounts of the export bills realized abroad can straight-away be used for repayment of the amount of the relative debt and net interest. The concerned Authorized Dealer will however, report the realization of foreign exchange proceeds of the exports as a

‘purchase’ on Schedule A-1 and the amount of loan and interest paid as ‘sale’. At the time of reporting sale, the Authorized Dealer will attach with the relative form ‘M’:

- (a) Proceeds Realization Certificate.
- (b) Income Tax Officer’s/Auditor’s certificate indicating the amount of tax due on the interest accrued on the foreign currency loan.

It will be the responsibility of the Authorized Dealer to ensure while arranging payment/remittance of interest that the payment is made after deduction of tax leviable thereon.

(vi) In case the loan matures after the export proceeds have been realized, the export proceeds to the extent required for repayment of the loan and net interest on the due date, may be retained in a foreign currency account temporarily opened for this purpose, repayment made on the due date and the account closed.

(vii) Notwithstanding the utilization of export proceeds for repayment of the loan, the Authorized Dealers will continue to be liable to deduct income tax as required by the Tax laws.

(viii) In case the exporter fails to fulfill the export obligations or there is a delay in realization of export proceeds, repayment of loan and interest accruing thereon less taxes, will be made by him from his own resources or from a foreign currency account.

(ix) In the case of exports to ACU member countries where export proceeds are not realized in convertible currencies, Authorized Dealers may remit the amounts of principal/interest from their Nostro balances at the current exchange rate subject to compliance of the drill laid down in preceding sub-para (v).

17. Foreign Currency Loans for Working Capital and other purposes.

(i) Pakistani firms and companies functioning in Pakistan excluding banks may obtain foreign private loans on non-repatriable or repatriable basis for their working capital subject to the following terms and conditions:

No pre-payments would be permissible.

(ii) Individuals/firms/companies resident in Pakistan, including foreign controlled companies and branches of foreign companies operating in Pakistan, but excluding banks are also permitted to obtain loans from abroad in foreign currencies on repatriable basis for any purpose on the following terms and conditions: -

- (a) There shall be no ceiling on the amount of loan. The repayment period should not, however, be less than five years, and the repayments should be made in equal installments.
- (b) Interest will be payable in arrears on half yearly/yearly basis at a rate not exceeding the relevant LIBOR + 1.5% and will be subject to deduction of Pakistan taxes as may be leviable under the law. The borrowers shall be free to pay interest according to the above formula at a fixed or floating rate.
- (c) Exchange rate fluctuation risk will be borne by the borrowers and no forward cover would be provided by the Authorized Dealers in Pakistan.
- (d) No bank guarantee for securing such loans would be provided from Pakistan.
- (e) The borrower will get the agreement with foreign lenders registered with an Authorized Dealer who will handle all transactions thereunder and intimate the details after completion of the disbursements, to the Investment Division, Exchange Policy Department, SBP, Karachi in the prescribed proforma (Appendix V- 92) in triplicate alongwith Proceeds Realization Certificate(s) in original showing encashment of the loan amount into Pak Rupees. Thereafter the Authorized Dealer would be free to remit the installment(s) of principal and interest, as the case may be, on due dates strictly in accordance with the terms of repayment intimated to the State Bank. 19. Long Term Borrowings in Foreign Currency by Authorized Dealers.³

(i) It is not permissible for Authorized Dealers to obtain long-term loans in foreign currencies without the prior approval of the State Bank. Part C- Guarantees etc.

22. Guarantees on behalf of Foreign Controlled companies.

For the purposes of Section 18(2) of the Act, guarantees that are issued in lieu of earnest money, security or other cash deposits are treated as extension of credit to the extent these are not backed by 100% cash deposit. Authorized Dealers may issue such guarantees on behalf of foreign controlled companies only by adjustment of the amount from their borrowing entitlement as per Prudential Regulations. This, however, would not be necessary where guarantee required to be issued are not in lieu of cash deposit but are either in the nature of performance bond etc., or are required to be given alongwith the tender documents in lieu of earnest money deposit. In the latter case, the validity of the guarantee would be restricted to the period upto which decision about acceptance or rejection of the relative tender is taken. The State Bank's prior approval will become necessary if the guarantee is to remain valid even after the decision on the tender has been taken.

23. Guarantees on behalf of Residents of Pakistan in favour of Non-residents.

(i) Except in cases covered by paragraphs 25 and 27 *ibid*, prior approval of the State Bank is required for giving any guarantee or undertaking or opening of a letter of credit, the implementation of which may involve payment to a non-resident either in foreign currency or Rupees. These restrictions also apply to renewal of such guarantees, undertakings, letters of credit etc. While forwarding applications for renewal to the State Bank, Authorized Dealers should state the extent upto which the facilities covered by the guarantees were utilized during the previous twelve months or during the validity of the guarantees etc., if the period involved is less than 12 months.
