SHARI’AH GOVERNANCE FRAMEWORK
FOR
ISLAMIC BANKING INSTITUTIONS

Introduction
Complying with the principles of Shari’ah as enshrined in the Holy Quran and the Sunnah of
the Prophet (peace be upon him) is the essence and raison d’être of Islamic banking industry.
A sound and effective Shari’ah compliance framework is thus critically important to give
confidence to the general public about Shari’ah conformity of Islamic Banking Institutions’
(IBIs’) products and services. State Bank of Pakistan (SBP) endeavors to ensure that the
operations of IBIs remain in conformity with the rules and principles of Shari’ah. Accordingly,
it has been issuing regulations, instructions and guidelines on Shari’ah compliance since the
re-launch of Islamic banking in 2001.

In 2008, SBP issued detailed set of instructions and guidelines for Shari’ah compliance vide
IBD Circular No. 2 of 2008. However, keeping in view the developments taking place in the
Islamic banking industry over the recent years, some of the instructions and guidelines have
been revisited and a comprehensive Shari’ah Governance Framework (‘SGF or Framework’) was
developed in 2015, which has now been further reviewed. The Framework shall be
applicable to all IBIs i.e. full-fledged Islamic banks, Islamic banking subsidiaries and Islamic
banking divisions of conventional banks. The primary objective of the Framework is to
strengthen the overall Shari’ah compliance environment of IBIs and explicitly define the roles
and responsibilities of various organs of IBIs including the Board of Directors (BOD), Executive
Management (EM), Shari’ah Board (SB), Shari’ah Compliance Department (SCD), Product
Development (PD), internal auditors and external auditors towards Shari’ah compliance.

The SGF of an IBI shall, at the minimum, covers the following:

i. An effective mechanism for the BOD’s oversight of the IBI’s Shari’ah compliance
environment.

ii. Accountability of management and staff of the IBI in implementation of the
Framework.

iii. An independent and effective SB appointed as per Fit and Proper Criteria (FAPC) set
out in Annexure-A of this Framework, with one of its Shari’ah scholar members
working as Resident Shari’ah Board Member (RSBM) to oversee the procedures and
processes to be adopted for implementation of the SB’s fatawa, resolutions and
guidelines and provide clarification thereon.

iv. A SCD to assist SB and to serve as a conduit between the SB and the management of
an IBI.

v. Shari’ah compliance review mechanism to assess operative effectiveness of Shari’ah
governance and compliance framework devised by the SB and BOD of the IBI.

vi. An independent Internal Shari’ah Audit Unit (ISAU) which may be a part of internal
audit department or an independent unit depending on the size of the IBI.

vii. A product development (PD) department / unit responsible for development of new
and innovative products and services.

viii. External Shari’ah Audit to be undertaken along with the annual audit of the IBI.
1. **Role of Board of Directors (BOD)**
   
i. The BOD shall be ultimately responsible and accountable for ensuring full conformity of the IBI’s operations with Shari’ah principles. Like other risks faced by an IBI, the BOD needs to be fully cognizant of the risk of Shari’ah non-compliance and its potential implications on the reputation and business of the IBI. Towards this end, the BOD shall introduce an effective mechanism including diligent oversight on functioning of the Framework and compliance with the fatawa, instructions, and guidelines of the SB.

   ii. The BOD should also be fully aware of its fiduciary responsibility, particularly, towards Investment Account Holders (IAHs) /Profit and Loss Sharing depositors (PLS depositors) who accept risks that are almost similar to those of the shareholders but without having any voting rights and fora like Annual General Meetings (AGMs) to express their concerns on the IBI’s performance. The IAHs expect IBIs to not only exercise prudence in deployment of their funds in different avenues but to also ensure Shari’ah conformity of returns to be earned and distributed to them. The BOD is thus expected to introduce the necessary mechanisms and risk management systems to safeguard the interests of IAHs/PLS depositors.

   iii. The BOD shall appoint a SB to perform such functions as stipulated under Para 3(B) of this Framework and shall cause to take appropriate measures for introducing and implementing an effective Shari’ah compliance framework. It shall also approve the Terms of Reference (TOR) of the SB and fix remuneration of the SB members. In case of foreign banks having Islamic Banking Branches, the appointing authority shall be the Country Manager/CEO in Pakistan.

   iv. The BOD shall meet the SB at least on a half yearly basis to a) have a detailed briefing on the Shari’ah compliance environment, the issues/weaknesses (if any), and recommendations to improve Shari’ah compliance environment, and b) ensure timely and effective enforcement of the SB’s decisions, fatawa, observations and recommendations. However, one of the meetings between the SB and BOD, during a calendar year, may be held through video conferencing.

   v. The deliberations of the meeting between SB and BOD shall be properly recoded and duly confirmed by the BOD. A copy of the same shall be submitted to IBD-SBP within 15 days of the confirmation.

2. **Role of Executive Management (EM)**
   
i. The EM of an IBI shall be responsible for implementation of the Framework. Every concerned executive and staff shall ensure that all procedure manuals, product programs and structures, process flows, related agreements and contracts, etc. as approved by the SB are made available to and understood by everyone working in his/her group or functional area. Moreover, every executive shall be responsible for arranging adequate training to his/her group employees in coordination with Training Department and SCD of the IBI.

   ii. Every group head and executive shall also be accountable and responsible for implementation of decisions, rulings, fatawa and guidelines given by SB relating to his/her group or functional area. The EM needs to show zero tolerance on Shari’ah non-compliance and take appropriate action against employees who have failed to ensure compliance with the Shari’ah rules and principles in their respective areas of responsibility. Instances of Shari’ah non-compliance shall also have a strong bearing on their performance appraisals, promotions, increments, bonuses, etc.
iii. Whenever the management refers a matter to the SB for a decision, ruling or fatwa it shall ensure that complete and relevant information is submitted to the SB for its proper understanding of proposal(s) and product(s).

iv. The decisions, rulings, fatawa of the SB shall be binding on the IBI.

v. The EM shall take appropriate measures to address the operational and human resource issues that may result in Shari’ah non-compliance risk.

vi. IBIs should arrange trainings and/or orientation programs on Islamic banking and finance for the members of the BOD and appropriate training programs for senior executives to improve their understanding and general acumen in Islamic finance.

vii. The management is also expected to arrange programs on a regular basis for orienting and sensitizing the BOD and key executives about the business utility and importance of an enabling Shari’ah compliance environment and the key distinguishing features of Islamic finance products vis-à-vis conventional banking products.

viii. IBI shall provide exposure to the SB members with regard to domestic and international developments in Islamic banking and finance. A yearly statement on the actions taken by the IBI shall be submitted to IBD-SBP by 15th of January every following year.

      iii. IBIs may, in consultation with the SB, also seek services of or engage lawyers, accountants, economists and such other professionals to assist and advise the SB on banking, legal, financial, economic and other relevant matters. The engagement of such members shall however be of advisory nature and they shall not have any voting rights in the meetings of SB.

Date of Report: _______________
Independent Assurance Report on Compliance with the Shari’ah Rules and Principles

To the Board of Directors of [____________ / __________ - Islamic Banking Institution]

1. Introduction

We have undertaken a reasonable assurance engagement that the State Bank of Pakistan has required in terms of its Shari’ah Governance Framework – External Shari’ah Audit of [____________ / __________ – IBI] (the Islamic Banking Institution) for assessing compliance of the IBI’s financial arrangements, contracts, and transactions having Shari’ah implications with Shari’ah rules and principles for the year ended __________. This engagement was conducted by a multidisciplinary team including assurance practitioners and independent Shari’ah scholar(s).

2. Applicable Criteria

The criteria for the assurance engagement, against which the underlying subject matter (financial arrangements, contracts, and transactions having Shari’ah implications for the year ended __________) is assessed, comprise of the Shari’ah rules and principles that for the purpose of External Shari’ah Audit, mean the following, in the sequence provided below:

i) Essentials, Regulations, Instructions and Guidelines issued by the State Bank of Pakistan (SBP) including the Shari’ah Standards issued by Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), as adopted by SBP with modifications, if any;

ii) The rulings of SBP’s Shari’ah Board as notified by SBP;

iii) Requirements of the applicable Islamic Financial Accounting Standards as notified by the Securities and Exchange Commission of Pakistan (SECP) and as circulated by SBP;

iv) Approvals and rulings given by the SB of the IBI in line with the SBP directives, regulations, instructions and guidelines issued in accordance with the rulings of SBP’s Shari’ah Board.

The above criteria were evaluated for their implications on the financial statements of IBI for the year ended __________, which are annexed.

3. Management’s Responsibility for Shari’ah Compliance

IBI’s management is responsible to ensure that the financial arrangements, contracts and transactions having Shari’ah implications, entered into by the IBI with its customers, other financial institutions and stakeholders and related policies and procedures are, in substance and in their legal form, in compliance with the requirements of Shari’ah rules and principles. The management is also responsible for design, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant accounting records.
4. **Our Independence and Quality Control**
We have complied with the independence and other ethical requirements of the Code of Ethics for Chartered Accountants issued by the Institute of Chartered Accountants of Pakistan, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Control 1 “Quality Control for Firms That Perform Audits and Reviews of Historical Financial Information, And Other Assurance and Related Services Engagements” and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

5. **Our responsibility and summary of the work performed**
Our responsibility in connection with this engagement is to express an opinion on compliance of the IBI’s financial arrangements, contracts, and transactions having Shari’ah implications with Shari’ah rules and principles, in all material respects, for the year ended __________ based on the evidence we have obtained. We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000, ‘Assurance Engagements other than audits or reviews of historical financial statements’, issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the compliance of the IBI’s financial arrangements, contracts, and transactions having Shari’ah implications with Shari’ah rules and principles is free from material misstatement.

The procedures selected by us for the engagement depended on our judgement, including the assessment of the risks of material non-compliance with the Shari’ah rules and principles. In making those risk assessments, we considered and tested the internal control relevant to the IBI’s compliance with the Shari’ah rules and principles in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the IBI’s internal control. In this connection, we have also reviewed the work carried out by the Internal Shari’ah Audit Department and the Shari’ah reviews carried out by the Shari’ah Compliance Department. We have designed and performed necessary verification procedures on various financial arrangements, contracts, classes of transactions and related policies and procedures based on judgmental and systematic samples with regard to the compliance with Shari’ah rules and principles. In performing our audit procedures necessary guidance on Shari’ah matters was provided by independent Shari’ah scholar(s) referred above.

We believe that the evidences we have obtained through performing our procedures were sufficient and appropriate to provide a basis for our opinion [or modified opinion].
6. **Description of the matter(s) giving rise to the modified conclusion (if any)**
   a) ________________________________;
   b) ________________________________; [insert material modifications to report, if any]
