

Suggestions for Selection of Book(s) for SBP Library

Dear readers,

It is circulated for general information of all the members that we will welcome their suggestions (in writing) for particular

book(s) in order to develop a comprehensive and qualitative collection of SBP library. All the valued readers may suggest the titles on the enclosed proforma through Head of the Department keeping in view the functions, activities and programs of SBP and usefulness of the books. It would be regular activity to receive such proposals. The proforma for this purpose may also be obtained from circulation counter of the library.

The proposals will be regularly placed before "Books Selection Committee" comprising Economic Advisor, Director Economic Policy Deptt., Director Research and Director BSD for approval. The respondents will also be apprised of action taken on their proposals. We are confident the valuable input and recommendations of the members would be instrumental to transform the library into a vibrant entity in terms of its collection and services.

Thanking you for your participation in improving the scope and quality of collection.

Bashir Ahmed Zia
Chief Librarian SBP
