The continued impressive growth in workers' remittances is the result of the efforts made by Pakistan Remittance Initiative (PRI) in collaboration with other stakeholders to facilitate both Overseas Pakistanis and their families back home. Since its inception, PRI has taken a number of steps to enhance the flow of remittances through formal channels which include: (a) preparation of national strategies on remittances (b) taking all necessary steps to

implement the overall strategy (c) playing the advisory role for financial sector in terms of preparing a business case, relationship building with overseas correspondents, creating separate efficient remittance payment highways and (d) becoming a national focal point for overseas Pakistanis through round the clock call centre (021-111-222-774) with toll free lines, separate web site etc.

It may be recalled that in order to provide an ownership structure in Pakistan for remittance facilitation, the Government of Pakistan through State Bank of Pakistan, Ministry of Overseas Pakistanis and the Ministry of Finance had launched a joint initiative called Pakistan Remittance Initiative (PRI) in April 2009. This initiative has been taken to achieve the objective of facilitating & supporting faster, cheaper, convenient and efficient flow of remittances.
