A. F. FERGUSON & CO. CHARTERED ACCOUNTANTS STATE LIFE BUILDING 1-C I. I. CHUNDRIGAR ROAD KARACHI TASEER HADI KHALID & CO. CHARTERED ACCOUNTANTS 1st FLOOR, SHEIKH SULTAN TRUST BUILDING NO. 2 BEAUMONT ROAD KARACHI

AUDITORS' REPORT TO THE SHAREHOLDERS

We have audited the annexed balance sheets of the Issue and Banking Departments of the **State Bank** of **Pakistan** as at June 30, 2003 and the related profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the International Accounting Standards approved for adoption by the Central Board of the Bank. Our responsibility is to express an opinion on these statements based on our audit.

Except for the matters referred to in the following paragraph, we conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

Events have rendered impossible the verification of the assets recoverable from the Reserve Bank of India or the Government of India or pertaining to transactions in former East Pakistan included in the financial statements. Realisability of these assets amounting to Rs. 5,925.771 million is subject to final settlement between the Government of Pakistan and the Governments of India and Bangladesh respectively. Out of these, assets valuing Rs. 1,783.438 million have been included in the Issue Department as backing against the liability towards notes in circulation. Had these assets not been included in the Issue Department, foreign currency reserves or Government securities of the equivalent value would have been transferred from the Banking Department to the Issue Department as replacement. In addition, pending finalization of the restructuring process of Zarai Taraqiati Bank Limited (ZTBL) [formerly Agricultural Development Bank of Pakistan] and its impact on ZTBL's future profits and cash flows and due to non-availability of any estimate of the fair value of the Bank's investment in United Bank Limited (UBL), we are unable to satisfy ourselves as to the carrying value of the Bank's investment in ZTBL (formerly ADBP) and UBL and the share of the Bank's profit recoverable from ZTBL (formerly ADBP).

A. F. FERGUSON & CO. CHARTERED ACCOUNTANTS

TASEER HADI KHALID & CO. CHARTERED ACCOUNTANTS

Except for the financial effect of the matters stated in the preceding paragraph:

- (a) in our opinion the balance sheets and related profit and loss account, cash flow statement and statement of changes in equity together with the notes thereon have been drawn up in conformity with the International Accounting Standards approved for adoption by the Central Board of the Bank and are further in accordance with accounting policies consistently applied; and
- (b) in our opinion and to the best of our information and according to the explanations given to us, the balance sheets, profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with the International Accounting Standards approved for adoption by the Central Board of the Bank, and, give the information required by these Standards in the manner so required, and respectively give a true and fair view of the state of the Bank's affairs as at June 30, 2003 and of the profit, its cash flows and changes in equity for the year then ended.

The financial statements of the Bank for the year ended June 30, 2002 were audited by A.F.Ferguson & Co. and Husain Rahman, who had expressed a qualified opinion on the matter relating to the verification of the assets recoverable from the Reserve Bank of India or the Government of India or pertaining to transactions in former East Pakistan.

Ishrat Husain Governor R. A. Chughtai Deputy Governor

STATE BANK OF PAKISTAN NOTES TO THE ACCOUNTS FOR THE YEAR ENDED JUNE 30, 2003

1. STATUS AND NATURE OF OPERATIONS

The Bank is the Central Bank of Pakistan and is incorporated under the State Bank of Pakistan Act, 1956. The Bank is primarily responsible for the management of credit, foreign exchange and currency in the country and also acts as the fiscal agent of the Government. The activities of the Bank mainly include:

- implementing the monetary and fiscal policies;
- issuing of currency;
- facilitation of free competition and stability in the financial system;
- licensing and supervision of credit institutions;
- organisation and management of the inter-bank settlement system and promotion of smooth functioning of payment systems;
- providing of loans and advances to the Government, banks, financial institutions and local authorities under various facilities;
- purchase, holding and sale of securities of banks and financial institutions on the directives of the Federal Government; and
- acting as depository of the Government under specific arrangements between the Government and certain institutions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These accounts have been prepared in accordance with the requirements of the International Accounting Standards (IASs) approved for adoption by the Central Board of the Bank. Under the powers conferred by the State Bank of Pakistan Act, 1956, the Central Board approved IAS 1 to IAS 38 from those applicable in Pakistan for adoption by the Bank.

2.2 Accounting convention

These accounts have been prepared under the historical cost convention, except that gold reserves and certain fixed assets, as referred to in notes 2.6 and 2.7 have been included at revalued amounts.

2.3 Bank notes and rupee coins

The liability of the Bank towards bank notes issued as a legal tender under the State Bank of Pakistan Act, 1956 is stated at the face value and is represented by the specified assets of the Issue Department of the Bank. The cost of printing of notes is charged to the current profit and loss account. Any unissued bank notes lying with the Bank are not reflected in the books of account.

The Bank also issues coins of various denominations on behalf of the Government of Pakistan. These coins are purchased from the Government at their respective face values. The unissued coins form part of the assets of the Issue Department.

2.4 Bad and doubtful balances

Balances considered bad and irrecoverable are written off from the books of account. Provision is made against debts considered doubtful based on the management's best estimate of the loss likely to arise on these balances.

2.5 Investments

- Investments in Government securities are stated at cost. The cost of securities is adjusted for any amortisation of discounts or premiums on a straight-line basis over the period to maturity.
- Investments in listed securities are stated at the lower of cost and market value determined on a portfolio basis.
- Investments in unlisted securities and subsidiaries are stated at cost less provision for any diminution in value. This provision is made only if there is a permanent impairment in the value of these investments.

The Bank enters into transactions of outright sale, repurchase (Repo) and resale (Reverse Repo) of securities at contracted rates for specified periods of time. These are recorded as follows:

- i) in case of outright sale or sale under repurchase (Repo) obligations, the securities are deleted from investments and the charges arising from the differential in sale and face/repurchase value are accrued on a prorata basis and recorded as discount expense which is deducted from the discount, interest/mark-up and/or return earned on these securities. Upon maturity, the securities are reinstated at their respective original cost.
- ii) in case of purchase under resale obligations, the securities are included under investments at the contracted purchase price and the differential of the contracted purchase and resale prices is amortised over the period of the contract and recorded under discount, interest/mark-up and/or return earned on these securities.

2.6 Gold reserves

Gold reserves, including those held with the Reserve Bank of India, are stated at the revalued amounts of the fine gold content thereof in accordance with the requirements of the State Bank of Pakistan Act, 1956 and the State Bank of Pakistan General Regulations. Any appreciation or depreciation on revaluation is taken to "Unrealised appreciation on gold reserves" account. Appreciation realised on disposal of gold reserves is credited to the retained earnings.

2.7 Fixed assets and depreciation

Operating tangible assets except freehold land and capital work-in-progress are stated at cost or revalued amounts less accumulated depreciation and any accumulated impairment losses. Freehold land is stated at revalued amount less any accumulated impairment losses while capital work-in-progress is valued at cost.

Depreciation is calculated using the straight-line method so as to write off the assets over their expected useful lives without taking into account any residual value.

Depreciation on additions is charged from the month in which the asset is put to use while no depreciation is charged in the month in which the assets are deleted. Normal repairs and maintenance are charged to the profit and loss account as and when incurred; major renewals and improvements are capitalised and the assets so replaced, if any, are retired. Gains and losses on disposal of fixed assets are included in income currently.

Intangible assets are carried at cost less accumulated amortisation and any accumulated impairment losses. Amortisation is calculated using the straight-line method so as to write off the assets over their expected useful lives without taking into account any residual value.

2.8 Deferred income

Grants received on account of capital expenditure are recorded as deferred income. These are amortised over the useful life of the relevant asset.

2.9 Staff retirement benefits

The Bank operates:

- a) an un-funded contributory provident fund (old scheme) for those employees who joined prior to 1975 and have opted to remain under the old scheme;
- b) an un-funded general contributory provident fund (new scheme) for all employees who joined after 1975 and those employees who had joined prior to 1975 but have opted for the new scheme;
- c) the following other staff retirement benefit schemes:
 - an un-funded gratuity scheme for all its employees other than those who opted for the new general provident fund scheme or joined the Bank after 1975 and are entitled only to pension scheme benefits;
 - an un-funded pension scheme;
 - an un-funded benevolent fund scheme; and
 - an un-funded post retirement medical benefit scheme.

Annual provisions are made by the Bank to cover the obligations arising under these schemes based on actuarial recommendations. The actuarial valuations are carried out using the Projected Unit Credit Method. Actuarial gains and losses arising at the valuation date are recognised as income/expense in the following year based on actuarial recommendations.

The above staff retirement benefits are payable to staff on completion of prescribed qualifying period of service.

2.10 Compensated absences

The Bank makes annual provision in respect of liability for employees' compensated absences based on actuarial estimates.

2.11 Revenue recognition

- Discount, interest/ mark-up and/ or return on loans and advances and investments is recorded on accrual basis. However, income on balances pertaining to transactions in former East Pakistan (now Bangladesh), doubtful loans and advances and overdue return on investments are recognized as income on receipt basis.
- Dividend income is recognised when the Bank's right to receive dividend is established.
- All other revenues are recognised on accrual basis.

2.12 Finances under profit and loss sharing arrangements

The Bank provides various finances to financial institutions under profit and loss sharing arrangements. Share of profit/loss under these arrangements is recognised on accrual basis.

2.13 Taxation

The income of the Bank is exempt from tax under section 49 of the State Bank of Pakistan Act, 1956.

2.14 Foreign currency translation

Transactions denominated in foreign currencies are translated to Pak Rupees at the foreign exchange rate ruling at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into rupees at the rates of exchange prevailing at the balance sheet date or at contracted rates.

Exchange gains and losses are taken to the profit and loss account except for certain exchange differences on balances with the International Monetary Fund (IMF), referred to in note 2.15, which are transferred to the Government of Pakistan.

The exchange differences arising under Exchange Risk Coverage Scheme and on currency swap transactions are recognised in the books of account on accrual basis.

2.15 Transactions and balances with the International Monetary Fund

Transactions and balances with the International Monetary Fund (IMF) are recorded on the basis of International Accounting Standards (IASs) and the guidelines contained in the Aide Memoire and specific arrangements entered into between the Bank and the Government. A summary of the policies followed by the Bank for recording of these transactions and balances is as follows:

- The Government's contribution for quota with the IMF is recorded by the Bank as depository of the Government and exchange differences arising under these arrangements are transferred to the Government account.
- Exchange gains or losses arising on revaluation of borrowings from the IMF are recognised in the profit and loss account except for the gains or losses transferable to the Government under specific arrangements.
- The cumulative allocation of SDRs by the IMF is treated as capital receipt and is not revalued.
- Income or charges pertaining to balances with the IMF are taken to the Government account, except for the following which are taken to the profit and loss account:
 - charges on borrowings under credit schemes other than fund facilities;
 - charges on net cumulative allocation of Special Drawing Rights; and
 - return on holdings of Special Drawing Rights.

2.16 Cash and cash equivalents

Cash and cash equivalents include cash, balances in the current and deposit accounts and securities realisable in cash within three months.

2.17 Provisions

Provisions are recognised when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

- **8.2.2** The investments in the above entities have been made under the specific directives of the Government in accordance with the provisions of the State Bank of Pakistan Act, 1956 and other relevant statutes. The management of the Bank does not exercise significant influence or control over these entities except for any regulatory influence or control arising as a consequence of any statute which applies to the entire sector to which these entities belong. Accordingly, these entities have not been consolidated as subsidiaries or accounted for as investments in associates.
- **8.2.3** The break-up value of the Bank's investment in the shares of Habib Bank Limited (HBL) amounted to Rs 19,522.062 million at December 31, 2002 based on the financial statements of HBL for the year then ended while the cost of investment (including advance for issue of shares) was Rs 19,986.185 million.
- 8.2.4 This represents the cost of 99.69% holding in the shares of the former Agricultural Development Bank of Pakistan (ADBP). During the year, the Government promulgated the Agricultural Development Bank of Pakistan (Reorganization & Conversion) Ordinance, 2002 dated October 4, 2002 in order to revitalise the operations of the former ADBP. Pursuant to this Ordinance, the assets, contracts, liabilities, proceedings and undertakings of the former ADBP have been transferred to Zarai Taraqiati Bank Limited (ZTBL), a public limited company constituted under the Ordinance. The Government has also issued an Order under this Ordinance which envisages that the investment in shares of the former ADBP in the books of SBP is to be converted into a subordinated loan. The terms of this subordinated loan have not been finalised which has delayed the conversion process. Pending finalisation of this process, the balance continues to be disclosed as investment.

In addition to the above investment, the unsecured exposure of the Bank towards ZTBL includes Rs 5,548.751 million in respect of share of profit receivable on government guaranteed financing amounting to Rs 51,257.213 million provided to the former ADBP. This includes profit amounting to Rs 1,800 million accrued in the current year while the balance amount of Rs 3,748.751 million pertains to the years ended 2000-2001 and 2001-2002 which is expected to be converted into a term loan under the restructuring of ZTBL currently in progress. The accrual for the current year is based on the management estimate of ZTBL profits and on the assumption that any restructuring cost will not affect the Bank's share of profit, as the accounts of ZTBL have not been finalised to date.

The management is confident that the interest of the Bank will be completely safeguarded in the restructuring process of ZTBL which will result in coversion of ZTBL into a commercially viable entity capable of generating sufficient profits and cashflows to repay its obligations towards the Bank.

8.2.5 Others include Rs.14,791.674 million (2002: Rs 22,386.331 million) being the cost of investment in the shares of United Bank Limited (UBL). The break-up value of this investment amounted to Rs 5,390.394 million based on the financial statements of UBL for the year ended December 31, 2002. This position is subsequent to sale of 51% shares in UBL at Rs 47 per share as against its cost of Rs 59 per share with a consequential loss of Rs 3,144.657 million which was recognised in the books of account during the previous year. The management is confident that the cost of the remaining investment will be recovered in full as privatisation of UBL will enhance its value and substantial future profits are likely to be earned by UBL. Accordingly, no provision has been made in these accounts in respect of this investment.

2003 2002 (Rupees' 000)

9. Commercial papers 78,500 78,500

These represent face value of certain commercial papers which are held in Bangladesh (former East Pakistan). The realisability of the underlying amount is subject to final settlement between the Governments of Pakistan and Bangladesh (former East Pakistan).

12. Special Drawing Rights

Special Drawing Rights (SDRs) are the foreign reserve assets which are allocated by the International Monetary Fund (IMF) to its member countries in proportion to their quota in the Fund. In addition, the member countries can purchase SDRs from the IMF and other member countries in order to settle their various obligations. The above represents the rupee value of the SDRs held by the Bank as at June 30, 2003. Interest is credited by the IMF on the SDR holding of the Bank at weekly interest rates on daily products of SDRs held during each quarter.

(Rupees' 000)

30. Contingencies and commitments

30.1 Contingencies

Money for which the Bank is contingently liable:

a) Contingent liability in respect of guarantees given on behalf of:

i) Governmentii) Government owned/controlled bodies and authorities

31,723,775	16,153,310
103,829,076	107,665,549
135,552,851	123,818,859

Guarantees amounting to Rs 131,792.185 million (2002: 115,135.310 million) are secured by counter guarantees either from the Government of Pakistan or local financial institutions. The Bank is in the process of obtaining counter guarantees from the Government for the remaining amount of Rs 3,760.666 million.

- b) Certain employees of the Bank, retired under Voluntary Golden Handshake Scheme in 1997, have filed a petition in the Supreme Court of Pakistan claiming that certain retirement benefits are required to be paid to them at enhanced salary levels in addition to the benefits already paid to them as per the scheme. The petition is currently pending in the Supreme Court and the management is confident that the Bank would not have to bear any additional expenditure on this account and, accordingly, no provision has been made. As the matter is currently under litigation the disclosure of the financial effect of this matter is not considered appropriate.
- c) Other claims against the Bank not acknowledged as debts

39.3 SBP Banking Services Corporation, a wholly owned subsidiary of the Bank, carries out certain functions and activities principally related to public dealing on behalf of the Bank and incurs administrative costs in this respect. Accordingly, under mutually agreed arrangements, all of the above costs have been reimbursed to or allocated by the Corporation while net profit of the Corporation for the year ended June 30, 2003, as mentioned in note 35, has also been transferred to the Bank. Similar treatment is also followed by the other subsidiary, National Institute of Banking and Finance (Guarantee) Limited under arrangements mutually agreed with the Bank.

24,922

2,361,991

9,687

1,133,451

Others

39.4 As mentioned in note 2.9 (c), the Bank operates the following staff retirement benefit schemes:

- an un-funded gratuity scheme for all employees other than those who opted for the new general provident fund scheme or joined the Bank after 1975 and are entitled to pension scheme benefits;
- an un-funded pension scheme;
- an un-funded contributory benevolent fund scheme; and
- an un-funded post retirement medical benefit scheme.

During the year the Bank has had actuarial valuations carried out for all the above schemes. Projected Unit Credit Method using the following significant assumptions was used for the valuations of these schemes as at June 30, 2003:

		Percent per annum
-	Expected rate of increase in salary	5.94%
-	Expected rate of discount	8.00%
-	Rate of benevolent fund grants and contributions	2.70%
-	Medical cost trend	2.86%

The transitional liability arising on adoption of IAS 19 is being amortised over a period of five years with effect from July 1, 1999 except for the liability pertaining to employees transferred to SBP Banking Services Corporation which was fully recognised last year.

The following are the fair values of the obligations under the schemes and liabilities recognised thereagainst for the past services of the employees at the latest valuation dates:

	Present value of the defined benefit obligation	Provisions in respect of retirement benefits	Unrecognised actuarial gain / (loss)	Unrecognised transitional liability
		Rupee	s ('000)	
Gratuity	15,638	19,471	10,833	7,000
Pension	3,020,000	2,765,000	22,000	277,000
Benevolent	387,000	253,000	(120,500)	13,500
Post retirement medical benefits	463,000	88,000	(345,500)	29,500
	3,885,638	3,125,471	(433,167)	327,000

The accumulated provision as at June 30, 2003 includes an amount of Rs 3,069 million (2002: Rs 2,742 million) in respect of transitional liability recognised till that date.

The following amounts have been charged in the profit and loss account in respect of the above benefits:

	Current service cost	Interest cost	Transitional liability recognised Rupees ('000)	Actuarial gain recognised	Total
Gratuity	709	1,810	7,000	(3,721)	5,798
Pension	38,000	315,000	277,000	-	630,000
Benevolent	6,000	29,500	13,500	-	49,000
Post retirement medical					-
benefits	2,000	14,500	29,500	-	46,000
	46,709	360,810	327,000	(3,721)	730,798
	40,709	300,810	327,000	(3,721)	130,198

39.5 Employees' compensated absences

During the year, actuarial valuation of employees' compensated absences has been carried out as at June 30, 2003 using the Projected Unit Credit Method. An amount of Rs 61 million (2002: Rs 736 million) has been charged to the profit and loss account in this respect based on actuarial recommendation.

^{*} includes finances provided under profit and loss sharing arrangements

44.1 Risk management policies

The Bank is primarily subject to interest/mark-up rate, credit, currency and liquidity risks. The policies and procedures for managing these risks are outlined in notes 44.1.1 to 44.1.4. The Bank has designed and implemented a framework of controls to identify, monitor and manage these risks. The senior management is responsible for advising the Governor on the monitoring and management of these risks.

^{**} Bank notes have been assumed to have a maturity of more than one year.

44.1.1 Interest/mark-up rate risk management

Interest/ mark-up rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market interest/ mark-up rates. The Bank has adopted appropriate policies to minimise its exposure to this risk. The Bank's management, the Central Board and the investment committee has set appropriate duration limits and a separate department deals with the monitoring of the Bank's interest/ mark-up rate risk exposure based on these limits.

44.1.2 Credit risk management

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Credit risk in the Bank's portfolio is monitored, reviewed and analysed by the appropriate officials and the exposure is controlled through counterparty and credit limits. Counterparties are allocated to a particular class based mainly on their credit rating. Foreign currency placements are made in approved currencies and government securities. Loans and advances to scheduled banks and financial institutions are usually secured either by Government guarantees or by demand promissory notes. Geographical exposures are controlled by country limits and are updated as and when necessary with all limits formally reviewed on a periodic basis. The Bank's exposure to credit risk associated with foreign operations is managed by monitoring compliance with investment limits for counterparties. The Bank's credit risk mainly lies with exposure towards government sector and financial institutions.

44.1.3 Currency risk management

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency activities result mainly from the Bank's holding of foreign currency assets under its foreign reserves management function and the overall level of these assets is determined based on the prevailing extent of credit and liquidity risks. In order to avoid losses arising from adverse changes in the rates of exchange, the Bank's compliance with the limits established for foreign currency positions is being regularly monitored by the management.

The Bank also holds from time to time, foreign currency assets and liabilities that arise from the implementation of domestic monetary policies. Any foreign currency exposure relating to these implementation activities are hedged through the use of foreign currency forwards, swaps and other transactions.

The Bank also enters into forward foreign exchange contracts with the commercial banks and financial institutions to hedge against the currency risk on foreign currency swap transactions.

44.1.4 Liquidity risk management

Liquidity risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with the financial instruments. In order to reduce the level of liquidity risk arising out of the local currency activities, the Bank manages the daily liquidity position of the banking system including advancing and withdrawal of funds from the system for smoothening out daily peaks and troughs.

The risk arising out of the Bank's obligations for foreign currency balances or deposits is managed through available reserves generated mainly from borrowings and open market operations.

44.1.5 Fair value of assets and liabilities

The fair value of all financial assets and financial liabilities, except for investments accounted for at cost, is estimated to approximate their carrying values.

45.	Number of employees	2003	2002
	Number of employees at June 30	1201	1231

46. General

- The corresponding figures have been re-arranged and re-classified for comparison, wherever necessary.
- Figures have been rounded off to the nearest thousand rupees.

47. Date of Authorisation

These financial statements were authorised for issue on 27th September 2003 by the Central Board of Directors of the Bank.
