AUDITORS' REPORT TO THE SHAREHOLDERS

We have audited the accompanying unconsolidated financial statements of the Issue and Banking Departments of the State Bank of Pakistan, which comprise the unconsolidated balance sheet as at June 30, 2008 and unconsolidated profit and loss account, unconsolidated statement of changes in equity and unconsolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes. The financial statements of the Bank for the year ended June 30, 2007 were audited by KPMG Taseer Hadi & Co., Chartered Accountants and M. Yousuf Adil Saleem & Co., Chartered Accountants whose report dated September 04, 2007 expressed a qualified opinion, in respect of net assets recoverable from the Reserve Bank of India, the Government of India and those pertaining to transactions in former East Pakistan as stated below.

Management's Responsibility for the Financial Statements

Management of the Bank is responsible for the preparation and fair presentation of these financial statements in accordance with the International Accounting Standards 1 to 38 and Accounting Policies for investments and transactions and balances with International Monetary Fund (IMF) as stated in note 4.2 and 4.16, respectively, to the financial statements approved for adoption by the Central Board of the Bank. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

The Bank has maintained a provision of Rs. 2,262 million relating to net assets recoverable from the Reserve Bank of India, the Government of India and those pertaining to transactions in former East Pakistan. This provision has been recorded as other liability of the Banking department and the relevant assets and liabilities have not been netted off. Accordingly, assets of the Issue Department and Banking department are overstated by Rs. 3,565 million and Rs. 5,590 million respectively and liabilities and unrealized appreciation on gold reserve of the Banking Department are overstated by Rs.7,030 million and Rs. 2,125 million, respectively.

Qualified Opinion

In our opinion, except for the financial effect of the matter stated in the preceding paragraph the unconsolidated financial statements give a true and fair view of the financial position of the Bank as at June 30, 2008 and of its financial performance and its cash flows for the year then ended in accordance with International Accounting Standards 1 to 38 and Accounting Policies for investments and transactions and balances with International Monetary Fund (IMF) as stated in note 4.2 and 4.16 respectively, to the financial statements approved for adoption by the Central Board of the Bank.

Without further qualifying our opinion, we draw attention to the note 31 to these financial statements. The classification of SDR Allocation of IMF either as equity or debt is currently being considered by a committee formed by IMF. The decision of the committee may require a change in accounting policy as described in the said note. Pending issuance of final report of the committee, the classification of SDR Allocations as equity has been maintained in these financial statements."

State Bank of Pakistan

Notes of Unconsolidated Financial Statements

For the year ended June 30.2008

1. STATUS AND NATURE OF OPERATIONS

State Bank of Pakistan (the Bank) is the Central Bank of Pakistan and is incorporated under the State Bank of Pakistan Act, 1956. The Bank is primarily responsible for the management of credit, foreign exchange and currency in the country and also acts as the fiscal agent of the Government. The activities of the Bank mainly include:

- implementing the monetary policy;
- issuing of currency;
- facilitation of free competition and stability in the financial system;
- licensing and supervision of banks including micro finance banks, development financial institutions and exchange companies;
- organisation and management of the inter-bank settlement system and promotion of smooth functioning of payment systems;
- providing of loans and advances to the Government, banks, financial institutions and local authorities under various facilities;
- purchase, holding and sale of shares of banks and financial institutions on the directives of the Federal Government; and
- acting as depository of the Government under specific arrangements between the Government and certain institutions.
- 1.1 The financial statements are presented in Pak Rupees, which is the Bank's functional and presentation currency.
- *1.2* These financial statements are unconsolidated (separate) financial statements of the Bank. The consolidated financial statements of the Bank and its subsidiaries are presented separately.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the requirements of International Accounting Standards (IASs) and policies for investments and transactions and balances with International Monetary Fund as stated in note 4.2 and 4.16 respectively approved for adoption by the Central Board of the Bank. Under the power conferred by the State Bank of Pakistan Act, 1956, the Central Board has approved IAS-1 to IAS-38 for adoption. Where the requirements of policies adopted by the Central Board take precedence.

3. BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention, except that gold reserves foreign currency reserve, special drawing rights of IMF, certain investments and certain property and equipment, as referred to in their respective notes have been included at revalued amounts. The preparation of financial statements in conformity with International Accounting Standards 1 to 38 and policies for investments and transactions and balances with IMF as stated in note 4.2 and 4.16 respectively, approved for adoption by the Central Board of the Bank, requires management to make judgements estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods. Judgments made by the management in the application of International Accounting Standards 1 to 38 and policies for investments and transactions and balances with IMF as stated in note 4.2 and 4.16 respectively, approved for adoption by the Central Board of the Bank, that have significant effect on the financial statements and estimates with significant risk of material judgment in subsequent years are discussed in note 49 to these financial statements.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Bank notes and coins

The liability of the Bank towards bank notes issued as a legal tender under the State Bank of Pakistan Act, 1956 is stated at the face value and is represented by the specified assets of the Issue Department of the Bank. The cost of printing of notes is charged to the profit and loss account as and when incurred. Any un-issued bank notes lying with the Bank are not reflected in the books of account.

The Bank also issues coins of various denominations on behalf of the Government of Pakistan (GOP). These coins are purchased from the GOP at their respective face values. The un-issued coins form part of the assets of the Issue Department.

4.2 Investments

All investments acquired by the Bank are initially measured at cost being the fair value of consideration given. Transaction costs are included in the initial measurement of investments. Subsequent to initial measurement, the Bank measures and classifies its investments under the following categories:

Held for trading

These securities are either acquired for generating a profit from short term fluctuations in market price, interest rate movements, dealer's margin or securities included in a portfolio in which a pattern of short term profit making exists. These instruments are subsequently re-measured to fair value. All related realized and unrealized gains and losses are recognised in the profit and loss account.

All purchases and sales of investments categorised as held-for-trading that required delivery with in the time frame established by regulation or market convention ('regular way' purchase and sale) are recognised at the trade date, which is the date Bank commits to purchase or sell the investment, other wise transactions are treated as derivative until settlement occurs.

Held to maturity

These are financial assets with fixed or determinable payments and fixed maturity that the Bank has the positive intent and ability to hold to maturity other than loans and receivables. These securities are carried at amortized cost, less accumulated impairment losses, if any, and premiums and/or discounts are accounted for using effective interest method.

All regular way purchases and sales are recognised at the trade date, which is the date Bank commits to purchase or sell the investment. Other wise transactions are treated as derivative until settlement occurs.

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. The amount of impairment loss for assets carried at amortised cost is calculated as the difference between the asset's carrying amount and present value of expected future cash flows discounted at the financial instrument's original effective interest rate.

Loans and receivables

These are financial assets created by the Bank by providing money directly to a debtor. Subsequent to initial recognition, these assets are carried at amortised cost and premiums and/or discounts are accounted for using the effective interest method.

All loans and advances are recognised when cash is advanced to borrowers. When a loan is uncollectible, it is written off against the related provision for impairment. Subsequent recoveries are credited in the profit and loss account.

An allowance for impairment is established if there is evidence that the Bank will not be able to collect all amounts due according to the original contractual terms of loans and advances. The amount of the provision is the difference between the carrying amount and the amount recoverable from guarantees and collateral, discounted at the original effective interest rate of loans and advances.

Available for sale securities (AFS)

These are the securities which do not fall in any of the above three categories. Subsequent to initial recognition, these securities are measured at fair value except the strategic investments, including investments in National Bank of Pakistan, Habib Bank Limited, Allied Bank Limited and United Bank of Limited, and investments in securities the fair value of which cannot be determined reliably. Gain or loss on changes in fair value is taken to and kept in equity until the investments are sold or disposed off, or until the investments are determined to be impaired, at that time cumulative gain or loss previously reported in the equity is included in profit and loss account.

Fair value of the financial instruments classified as held-for-trading and available for sale is their quoted bid price at the balance sheet date.

Investments classified as held-for-trading or available-for-sale are de-recognised by the Bank on the date it transfers risks and rewards. Securities held-to-maturity are de-recognised on the day these are transferred by the Bank. Gains and losses on de-recognition of held for trading, held to maturity and AFS securities are taken to profit and loss account.

4.3 Derivative financial instruments

The Bank uses derivative financial instruments which include forwards, futures and currency swaps. Derivatives are initially recorded at cost and are re-measured to fair value on subsequent reporting dates. Forwards are shown under Commitments in the note 34.2 while the asset and liability portion of a currency swap are presented in Other Assets and Other Liabilities in notes 21 and 27 to the financial statements respectively. The resultant gains or losses from derivatives are included in the profit and loss account on a time proportional basis.

4.4 Collateralised borrowings / lending

Securities sold subject to a commitment to repurchase them at a pre-determined price, are retained on the balance sheet and a liability is recorded in respect of the consideration received in "Securities sold under agreement to repurchase". Conversely, securities purchased under analogous commitment to resell are not recognised on the balance sheet and a consideration paid is recorded in "Securities purchased under agreement to resell". The difference between the sale and repurchase price in the repurchase transactions and the purchase price and resale price in reverse repurchase transaction represents an expense and income, respectively, and recognised in the profit and loss account on time proportion basis.

4.5 Gold reserves

Gold reserves, including those held with the Reserve Bank of India, are stated at the revalued amounts of the fine gold content thereof in accordance with the requirements of the State Bank of Pakistan Act, 1956 and the State Bank of Pakistan General Regulations. Appreciation or depreciation, if any, on revaluation is taken to equity under the head of "Unrealised appreciation on gold reserves" account. Appreciation realised on disposal of gold is credited to the profit and loss account.

4.6 Property and equipment

Property and equipment except land, buildings and capital work in progress are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Free hold land is stated at revalued amount. Lease hold land and buildings are stated at revalued amount less accumulated depreciation and accumulated impairment losses, if any. Capital work-inprogress is valued at cost.

Depreciation on property and equipment are charged to profit and loss account applying the straight-line method whereby the cost/revalued amount of an asset is written off over its estimated useful life. The useful life of assets is reviewed and adjusted if appropriated, at each balance sheet date.

Depreciation on additions is charged to the profit and loss account from the month in which the asset is put to use while no depreciation is charged in the month in which the assets are deleted / disposed off. Normal repairs and maintenance are charged to the profit and loss account as and when incurred; major renewals and improvements are capitalised and the assets so replaced, if any, are retired. Gains and losses on disposal of fixed assets are included in profit and loss account.

Surplus arising on revaluation of property and equipment is credited to "Surplus on revaluation of property and equipment". The surplus on revaluation realised on disposal of property and equipment is transferred to unappropriated profit.

4.7 Intangibles

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised using straight-line method over the period of three years. Where the carrying amount of an asset exceeds its estimated recoverable amount it is written down immediately to its recoverable amount.

4.8 Impairment

The carrying amounts of the Bank's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment of any asset or a group of assets. If such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised in profit and loss account whenever the carrying amount of an asset or a group of assets exceeds its recoverable amount except for impairment loss on revalued assets which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of assets. Balances considered bad and irrecoverable are written off from the books of account. Provisions against impairment are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Changes in the provisions are recognised as income / expense in the profit and loss account.

4.9 Compensated absences

The Bank makes annual provision in respect of liability for employees' compensated absences based on actuarial estimates.

4.10 Staff retirement benefits

The Bank operates:

- a) an un-funded contributory provident fund (old scheme) for those employees who joined the Bank prior to 1975 and opted to remain under the old scheme. Last year, the Bank provided an option to employees covered under general provident scheme to join contributory Provident Fund Scheme effective from June 1, 2007. Moreover, employees joining the Bank service after June 1, 2007 are also covered under the contributory provident fund scheme.
- b) an un-funded general provident fund (new scheme) for all those employees who joined the Bank after 1975 and those employees who had joined prior to 1975 but opted for the new scheme.
- c) following other staff retirement benefit schemes:
 - an un-funded gratuity scheme (old scheme) for all employees other than those who opted for the new general provident fund scheme, or joined the Bank after 1975 and are entitled only to pension scheme benefits or those who opted for the contributory gratuity scheme effective from June 1, 2007.
 - an unfunded contributory gratuity scheme (new scheme) was introduced by the Bank effective from June 1, 2007 for all its employees other than those who opted for pension scheme or unfunded gratuity scheme (old scheme).
 - an un-funded pension scheme;
 - an un-funded benevolent fund scheme; and
 - an un-funded post retirement medical benefit scheme.

Obligations for contributions to defined contribution provident plans are recognised as an expense in the profit and loss account as and when incurred.

Annual provisions are made by the Bank to cover the obligations arising under defined benefits schemes based on actuarial recommendations. The actuarial valuations are carried out under the Projected Unit Credit Method. Unrecognised actuarial gains and losses are recognised in the profit and loss account over the expected average remaining working lives of the employees.

The above staff retirement benefits are payable on completion of prescribed qualifying period of service.

4.11 Deferred income

Grants received on account of capital expenditure are recorded as deferred income. These are amortised over the useful life of the relevant asset.

4.12 Revenue recognition

- Discount, interest / mark-up and / or return on loans and advances and investments are recorded on time proportion basis that takes into account the effective yield on the asset. However, income on balances with Bangladesh (former East Pakistan), doubtful loans and advances and overdue return on investments are recognised as income on receipt basis.
- Dividend income is recognised when the Bank's right to receive dividend is established.
- Gains / losses on disposal of securities are recognised in profit and loss account at trade date.
- All other revenues are recognised on time proportion basis.

4.13 Finances under profit and loss sharing arrangements

The Bank provides various finances to financial institutions under profit and loss sharing arrangements. Share of profit / loss under these arrangements is recognised on accrual basis.

4.14 Taxation

The income of the Bank is exempt from tax under section 49 of the State Bank of Pakistan Act, 1956.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are translated to Pak Rupees at the foreign exchange rate ruling at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into rupees at the rates of exchange prevailing at the balance sheet date.

Exchange gains and losses are taken to the profit and loss account except for certain exchange differences on balances with the International Monetary Fund, referred to in note 4.16, which are transferred to the Government of Pakistan account.

Exchange differences arising under Exchange Risk Coverage Scheme and on currency swap transactions are recognised in the books of account on accrual basis.

Commitments for outstanding forward foreign exchange contracts disclosed in note 34.2 to the financial statements are translated at forward rates applicable to their respective maturities. Contingent liabilities/commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the rates of exchange ruling on the balance sheet date.

4.16 Transactions and balances with International Monetary Fund

Transactions and balances with the International Monetary Fund (IMF) are recorded on the basis of International Accounting Standards (IASs) and the guidelines contained in the IMF Manual, Aide Memoire and specific arrangements entered into between the Bank and the Government. A summary of the policies followed by the Bank for recording of these transactions and balances is as follows:

- The Government's contribution for quota with the IMF is recorded by the Bank as depository of the Government and exchange differences arising under these arrangements are transferred to the Government account.
- exchange gains or losses arising on revaluation of borrowings from the IMF are recognised in the profit and loss
 account.
- the cumulative allocation of Special Drawing Rights by the IMF is treated as capital receipt and is not revalued.

From the year ended June 30, 2006, on the directive of Government of Pakistan, all income or charges pertaining to balances with the IMF are taken to the profit and loss account, earlier, income or charges pertaining to balances with the IMF were taken to the Government account, except for the following which were taken to the profit and loss account:

- charges on borrowings under credit schemes other than fund facilities,
- charges on net cumulative allocation of Special Drawing Rights; and
- return on holdings of Special Drawing Rights.

4.17 Provisions

Provisions are recognised when the Bank has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

4.18 Cash and cash equivalents

Cash and cash equivalents include cash, balances in the current and deposit accounts and securities that are realisable in known amounts of cash within three months and which are subject to insignificant changes in value.

4.19 Financial instruments

Financial assets and liabilities are recognised at the time when the Bank becomes a party to the contractual provisions of the instrument. The Bank derecognises financial asset when it loses control of the contractual rights that comprise the financial asset. The Bank derecognises a financial liability when the liability is extinguished, discharged, cancelled or expired.

Any gain or loss on the derecognition of the financial assets and liabilities is included in the profit and loss account currently.

Financial instruments carried on the balance sheet include foreign currency reserves, investments, loans and advances, government accounts, balances with IMF, other deposits accounts and liabilities. The particular recognition and measurement methods adopted are disclosed in the individual policy statements associated with each financial instrument.

4.20 Offsetting

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet when the Bank has a legally enforceable right to set off the recognised amounts and it intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

6.2 These include Rs. 211.18 million (2007: Rs. 197.15 million) recoverable from the Government of India. Realisability of these assets is subject to final settlement between the Governments of Pakistan and India.

6.3 The balance in current and deposit accounts carry interest at various rates ranging between 0.75% to 5.82% (2007: 0.22% to 5.36%) per annum.

- 6.4 These include investments made in international market through reputable Fund Managers. The activities of the Fund Managers are being monitored through a custodian. Market value of these investments is equivalent to USD 3,700 million (2007; USD 3,542 million).
- 6.5 This represents Bank's investment in Islamic Sukkuk Bonds carrying mark-up at the rate of 3.63% (2007: 3.63%) per annum. The bond will mature on August 12, 2008.

7. SPECIAL DRAWING RIGHTS OF THE INTERNATIONAL MONETARY FUND

Special Drawing Rights (SDRs) are the foreign reserve assets which are allocated by the International Monetary Fund (IMF) to its member countries in proportion to their quota in the IMF. In addition, the member countries can purchase the SDRs from the IMF and other member countries in order to settle their obligations. The figures given below represent the rupee value of the SDRs held by the Bank at June 30, 2008. Interest is credited by the IMF on the SDR holding of the Bank at weekly interest rates on daily products of SDRs held during each quarter.

	2008	2007
	(Rupees i	n '000)
SDRs were held as follows:		
By the Issue Department	11,632,215	12,383,051
By the Banking Department	3,137,123	418,534
	14,769,338	12,801,585

8. EARMARKED FOREIGN CURRENCY BALANCES

1

12.

These represent certain foreign currency balances held with the banks and financial institutions which were earmarked to meet specific foreign currency liabilities and commitments of the Bank.

9. INDIAN NOTES REPRESENTING ASSETS RECEIVABLE FROM THE RESERVE BANK OF INDIA

These represent Pak Rupee equivalent of Indian rupee notes which were in circulation in Pakistan until retirement from circulation under the Monetary Order from the Government of Pakistan. Realisability of these assets is subject to final settlement between the Governments of Pakistan and India.

12.3.1

Investments in above entities have been made under the specific directives of the Government of Pakistan in accordance with the provisions of the State Bank of Pakistan Act, 1956 and other relevant statutes. The management of the Bank does not exercise significant influence or control over these entities except for any regulatory purposes or control arising as a consequence of any statute which applies to the entire sector to which these entities belong. Accordingly, these entities have not been consolidated as subsidiaries or accounted for as investments in associates, or joint ventures.

- 12.3.2 Market value of the Bank's investment in the shares of National Bank of Pakistan at June 30, 2008 amounted to Rs.99,489.75 million (2007: Rs. 160,655.25 million).
- 12.3.3 Market value of the Bank's investment in the shares of United Bank Limited at June 30, 2008 amounted to Rs.16,776.61 million (2007: Rs. 40,486.07 million).
- 12.3.4 The Cabinet Committee on Privatization in its meeting held on June 12, 2007 had decided that 30% of the Bank's holding would be divested in the form of Global Depository Receipts (GDRs) out of which 5% shares were returned back to the Bank in pursuance to an agreement, dated June 14, 2007, entered into between the Government of Pakistan (GoP), the Privatization Commission and the Bank, together with the specific approval of the GOP, 175,951,092 shares of United Bank Limited (UBL), representing 21.74% interest of the Bank in UBL's paid up capital were sold and transferred by way of offshore offering of GDRs. Sale proceeds amounting to Rs.33,842 million (USD 559.72 million), net of transaction costs, were received by the Bank on June 29, 2007.

Further, an "over-allotment option" was granted in the GDR offering circular to purchase additional GDRs representing 26,392,660 shares (3.26% of UBL's paid up capital). These shares were sold and proceeds of Rs.5,063.78 million (USD 83.85 million), net of transaction cost, were received on July 13, 2007.

- 12.3.5 Market value of the Bank's investment in the shares of Allied Bank Limited at June 30, 2008 amounted to Rs.5,548.25 million (2007: Rs. 7,534.20 million).
- 12.3.6 The Government of Pakistan (GOP) vide directive dated June 27, 2007, had approved divestment of 51,750,000 shares of Habib Bank Limited (HBL) representing 5% of GOP's share in HBL along with a green shoe option of 2.5%, through Initial Public Offering to the general public, except 500,100 un-alloted shares pending adjudication by the Securities and Exchange Commission of Pakistan, which was executed in July 2007.
- 12.3.7

Market value of the Bank's investment in the shares of HBL amounted to Rs. 64,310.51 million (2007: Rs.25,677.91 million was the break-up value at December 31, 2006 based on the financial statements of HBL for the year then ended).

12.4 During the year, by virtue of a resolution passed by the Board of Directors of NIBAF the single ordinary share held by the National Bank of Pakistan (NBP) was transferred to the Bank and the advance against share from NBP was refunded. Accordingly NIBAF has become the wholly owned subsidiary of the Bank.

2007

13. COMMERCIAL PAPERS

These represent face value of certain commercial papers amounting to Rs. 78.5 million (2007: Rs. 78.5 million) which are held in Bangladesh (former East Pakistan). The realisability of the underlying amount is subject to final settlement between the Governments of Pakistan and Bangladesh (former East Pakistan).

31. ALLOCATION OF SPECIAL DRAWING RIGHTS OF IMF

The allocation of SDRs by the IMF has been reflected as part of equity and carried at historical cost in line with approved accounting policy. The latest draft report issued by the IMF Committee on Balance Of Payment (BOPCOM) committee considers possibility of classifying allocation of SDRs as a liability. Accordingly, the Central Board has approved an annual appropriation equivalent to one-third of the exchange difference that would arise upon reclassification of the allocation of SDRs from equity to liability with retrospective effect. An amount of Rs. 6,935 million (2007: 4,689 million) has been proposed to be appropriated to Reserve Fund out of the profit for the year ended June 30, 2008. However, pending final report from the IMF BOPCOM, the existing policy regarding allocation of SDRs has not yet been changed.

32. RESERVES

30.

32.1 Reserve Fund

This represents appropriations made out of the annual profits of the Bank in accordance with the provisions of the State Bank of Pakistan Act, 1956 for the purpose of provision to cover against risks relating to events which are contingent and non-foreseeable.

32.2 Other Funds

These represent appropriations made out of the surplus profits of the Bank for certain specified purposes in accordance with the provisions of the State Bank of Pakistan Act, 1956.

CONTINGENCIES AND COMMITMENTS Ali Contingencies a) Contingent liability in respect of guarantees given on behalf of:		
Government Government owned / controlled bodies and authorities	52,494,332 11,261,613 63,755,945	32,322,123 41,614,722 73,936,845

34.

Above guarantees are secured by counter guarantees either from the Government of Pakistan or local financial institutions.

- b) Certain employees of the Bank who had retired under the Early Retirement Incentive Scheme (ERIS) introduced in the year Certain employees of the Bank who had retired under the Early Retirement Incentive Scheme (ERIS) introduced in the year 2000 had filed a case against the Bank in the Federal Services Tribunal for the enhancement of their entitlement paid under the above scheme. The Tribunal has decided the case in favour of these employees and has directed that the entitlement under the above scheme should include the effect of subsequent increases in certain staff retirement and other benefits. The Bank, in response to the above decision of the Tribunal, has filed a civil petition for leave to appeal in the Supreme Court of Pakistan which is pending for hearing. The management is confident that the Bank would not have to bear any additional expenditure on this account and, accordingly, no provision has been made in this respect.
- c) A claim of Rs. 1,600 million has been lodged against the Bank which has not been acknowledged by the Bank. The Bank has a counter claim of Rs. 493 million. With the mutual agreement of both the parties, matter has been referred to the Arbitrator. Management is confident that the Bank will not incur any liability on this account, as such no provision has been made against a such a such as the provision has been made against the Bank will not incur any liability on this account, as such no provision has been made against a such as the provision has been made against a such as the provision has been made against and the provision has been made against the Bank will not incur any liability on this account, as such as the provision has been made against a such as the provision has been made against the Bank will not incur any liability on this account, as such as the provision has been made against a such as the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank will not incur any liability on the provision has been made against the Bank the claim.

43.3 SBP Banking Services Corporation (the Corporation), a wholly owned subsidiary of the Bank, carries out certain functions and activities principally relating to public dealing on behalf of the Bank and incurs administrative costs in this respect. Accordingly, under mutually agreed arrangements, all of the above costs have been reimbursed to or allocated by the Corporation while profit of the Corporation for the year ended June 30, 2008, as mentioned in note 39, has also been transferred to the Bank. Similar treatment is also followed by the other subsidiary, National Institute of Banking and Finance (Guarantee) Limited, under arrangements mutually agreed with the Bank.

48. RISK MANAGEMENT POLICIES

The Bank is primarily subject to interest / mark-up rate, credit, currency and liquidity risks. The policies and procedures for managing these risks are outlined in notes 48.1 to 48.5 The Bank has designed and implemented a framework of controls to identify, monitor and manage these risks. The senior management is responsible for advising the Governor on the monitoring and management of these risks.

48.1 Credit risk management

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Credit risk in the Bank's portfolio is monitored, reviewed and analysed by the appropriate officials and the exposure is controlled through counterparty and credit limits. Counterparties are allocated to a particular class based mainly on their credit rating. Foreign currency placements are made in approved currencies and government securities. Loans and advances to scheduled banks and financial institutions are usually secured either by Government guarantees or by demand promissory notes. Geographical exposures are controlled by country limits and are updated as and when necessary with all limits formally reviewed on a periodic basis. The Bank's exposure to credit risk associated with foreign operations is managed by monitoring compliance with investment limits for counterparties. The Bank's credit risk mainly lies with exposure towards government sector and financial institutions.

48.2 Interest / mark-up rate risk management

Interest / mark-up rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market interest/ mark-up rates. The Bank has adopted appropriate policies to minimise its exposure to this risk. The Bank's management.

48.3 Currency risk management

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency activities result mainly from the Bank's holding of foreign currency assets under its foreign reserves management function and the overall level of these assets is determined based on the prevailing extent of credit and liquidity risks. In order to avoid losses arising from adverse changes in the rates of exchange, the Bank's compliance with the limits established for foreign currency positions is being regularly monitored by the management.

The Bank also holds from time to time, foreign currency assets and liabilities that arise from the implementation of domestic monetary policies. Any foreign currency exposure relating to these implementation activities are hedged through the use of foreign currency forwards, swaps and other transactions.

The Bank also enters into forward foreign exchange contracts with the commercial banks and financial institutions to hedge against the currency risk on foreign currency swap transactions.

48.4 Liquidity risk management

Liquidity risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with the financial instruments. In order to reduce the level of liquidity risk arising out of the local currency activities, the Bank manages the daily liquidity position of the banking system including advancing and withdrawal of funds from the system for smoothening out daily peaks and troughs.

The risk arising out of the Bank's obligations for foreign currency balances or deposits is managed through available reserves generated mainly from borrowings and open market operations.

48.5 Portfolio risk management

The Bank has appointed external managers to invest a part of the foreign exchange reserves in international fixed income securities. The external managers are selected after conducting a thorough due diligence by the Bank and externally hired investment consultants, and appointed after the approval of the Central Board. The mandates awarded to the managers require them to outperform the benchmarks which are based on fixed income global aggregate indices. The benchmarks are customized to exclude certain securities, currencies, and maturities to bring it to an acceptable level of risk and within the Bank's approved risk appetite. Managers are provided investment guidelines within which they have to generate excess returns over the benchmark. Safe custody of the portfolio is provided through carefully selected global custodian who is independent of the portfolio managers. The custodian also provides valuation, compliance, corporate actions and recovery, and other value added services which are typically provided by such custodian. The valuations provided by the custodian is reconciled with the portfolio managers, and recorded accordingly.

49. ACCOUNTING ESTIMATES AND JUDGMENTS

49.1 Provision against loans and advances

The Bank reviews its loan portfolio to assess recoverability of loans and advances and provision required there against on a continuous basis. While assessing this requirement, various factors including the delinquency in the account, financial position of the borrower and other relevant factors are considered. The amount of provision may require adjustment in case borrowers do not perform according to expectations.

49.2 Impairment of available for-sale investments

The Bank determines that available-for-sale equity investments are impaired when there is a significant or prolonged decline in the fair value below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Bank evaluates among other factors, the normal volatility in security price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the invests, industry and sector performance, changes in technology, and operational and financing cash flows.

49.3 Held-to-maturity investments

The Bank classifies non-derivative financial assets with fixed or determinable payments and fixed maturity as held-tomaturity. In making this judgment, the Bank evaluates its intention and ability to hold such investments to maturity.

49.4 Retirement Benefits

The key actuarial assumptions concerning the valuation of defined benefit plans and the sources of estimation are disclosed in note 43.5.1 to the financial statements.

49.5 Useful life and residual value of property and equipment

Estimates of useful life and residual value of property and equipment are based on the management's best estimate.

50. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying value of all the financial instruments reflected in the financial statements approximates their fair value, except strategic investments as mentioned in note 12.3.1 which are carried at cost less permanent impairment in value if any.

51. DATE OF AUTHORISATION

These financial statements were authorised for issue on 2nd September 2008, by the Central Board of Directors of the Bank.
