Note:-

1. 'Size of Account' represents different classes constituted for classification of all deposits on the basis of the average amount of deposits. Each deposit is then classified in these classes according to its average amount.
2. 'No of Accounts' represents the total number of deposits which fall in the respective class on the basis of its average amount.
3. 'Amount' represents the total amount of all deposits falling in the particular class.

Note:-

1. 'Size of Account' represents different classes constituted for classification of all advances on the basis of the average amount of advances. Each loan is then classified in these classes according to its average amount.
2. 'No of Accounts' represents the total number of advances which fall in the respective class on the basis of its average amount.
3. 'Amount' represents the total amount of all advances falling in the particular class.

“The data has been compiled as per revised methodology according to which unrealized mark- up does not become part of NPLs as it is kept in memorandum account. Besides, coverage of data has been enhanced by including overseas NPLs of Pakistan Banks having overseas branches in the total NPLs. Rescheduled and restructured NPLs are not excluded from the total NPLs unless they have become regular by meeting the criterion of one-year satisfactory performance. This condition however, will not apply in case the borrower has repaid or adjusted in cash at least 50% of the total restructured loan amount (principal + mark- up) either at the time of restructuring agreement or later on during the grace period if any. The cash recovery position represent recovery made against principal amount of domestic plus over seas NPLs.”
