P: Provisional

Notes:

1. Monetary Survey compilation methodology has been revisited from June-08 under MFSM 2000 guidelines. Therefore, the data may not tally with the table 2.4 of statistical bulletin based on weekly returns due to difference in classification, coverage and sectorization. The major changes in compilation methodology are published through explanatory notes available at: <http://www.sbp.org.pk/departments/stats/ntb.htm>
2. Transferable Deposits comprise all deposits that are exchangeable on demand at par without penalty/restriction.
3. SBP has updated PSEs list since July 2019. As per this update, some of PSEs have been reclassified from government institutions to PSE. This affected banks report of "Deposits distributed by category of deposits"
4. Other Deposits represent all claims other than transferable deposits in national currency or in foreign currency that are represented by evidence of deposits.
5. Securities Other than Shares are short term negotiable instruments that qualify for inclusion in broad money liabilities.
6. Coins in circulation issued by Central Government are outside scope of Depository Corporations Survey. Therefore, they are not included in Broad Money Liabilities published through Depository Corporations Survey on SBP website and Statistical Bulletin table 2.3.
7. Prior to June 2008, the deposits in Non Bank Finance Companies were not part of Broad Money Liabilities. Following the MFSM guidelines the data of these companies is now covered under Other Depository Corporations Survey. From June 2008 onward these deposits are now part of transferable and other deposits. These companies include Depository NBFCs, DFIs and MFBS.
8. National Saving Schemes outstanding amount represents savings made by public through government schemes such as SSC, DSC, Prize Bonds, National Saving Accounts.
