Preface

The Statistical Supplement presents detailed and comprehensive data on all sectors of the economy covered in the **State Bank's Annual Report, The State of Pakistan's Economy 2025-26**. The statistics included in the supplement follow standard definitions and classifications that are in line with international recommendations and guidelines.

The publication covers a wide range of areas, including economic growth, inflation, savings, investment, public finance, money and credit, the banking system, capital markets, domestic and external debt, balance of payments, foreign trade, and social sector developments.

The data presented in this supplement have been compiled from various sources, including government agencies, international organizations, and departments of the State Bank of Pakistan. We acknowledge the contributions of all data providers, both within and outside the State Bank of Pakistan. Their cooperation has been instrumental in compiling this publication. We also appreciate the dedicated efforts of the team involved in its preparation.

The Statistical Supplement is available both in print and electronic formats. The electronic version can be accessed through the SBP website at https://www.sbp.org.pk/reports/annual/index.htm. Data users are also encouraged to visit the SBP EasyData portal (https://easydata.sbp.org.pk) which provides time series for most of the indicators and tables included in this publication.

Comments and suggestions for further improvement are welcome.

Dr. Waqas Ahmed
