

## Appendix-B

### AGRICULTURAL CREDIT (LIST OF ELIGIBLE ITEMS)

#### SHORT – TERM

##### A. FARM (CROP) CREDIT

###### i) Production & Development

1. Seeds
2. Water (Charges for Purchase of tube well Water)
3. Fertilizer and Gypsum.
4. Pesticides including Herbicides and Weedicids
5. Sprayers
6. Hired Farm Labour
7. Farm power (Hire)
8. Charges for purchase of Diesel Oil for tractor
9. Charges for purchase of Diesel Oil for tube well operation
10. Fuel wood for curing of Tobacco
11. Electric charges for tube well operation
12. Orchards and Nurseries (including alldry fruits, Dates papaya)
13. Commercially important minor crops like fruits vegetable, pulses, oilseeds, onions and flowers including production loan for minor crops like Mentha Arvensis, asparagus etc. being food crops.
14. Production loan for growth of Mushroom

#### MEDIUM/ LONG – TERM

##### A. FARM (CROP) CREDIT

###### i) Production & Development

1. Land improvement (Clearance of Jungle, leveling. Layout terracing, soil improvement, embankment, land formation, bund construction, reclamation of land and construction of Mini dams/check Karez/ Water Reservoirs/Water Catchments for Rain-fed (Barani) Areas.
2. Water Course Improvement (Alignment, Lining, Silt Clearance, Construction of Modules and culverts and construction of Pacca water-course)
3. Wells
  - a) Installation of Tubewells, repairs of Tubewells repairs of tubewells and engine.
  - b) Open wells
  - c) Persian wheels.
  - d) Lift Pumps
  - e) Deep turbines /pumps.
  - f) Electrical Installation including cost of Power lines and Transformer's
4. Farm Power
  - a) Bullocks and Camels purchased for agricultural use.
  - b) Tractors, Trailers and implements.
    - i) Repairs of Tractors
  - c) Thrashers & Threshing Machine for all agricultural crops.
  - d) Tobacco Curing Equipments

## **SHORT – TERM**

### **A. FARM (CROP) CREDIT**

i) Production & Development

## **MEDIUM/ LONG – TERM**

### **A. FARM (CROP) CREDIT**

i) Production & Development

- e) Other Agricultural Equipments including Power Tillers, sprayers, Mould Board Ploughs, Chiesel Ploughs, Disc Harrows, Border Discs, Ridgers, Seed and Fertilizer Drills. Rotavators, Combined Harvesters, Cotton Pickers, Groundnut diggers, Potato diggers, Hole Diggers and Reapers/ cutters, Binder Trolley, Cane Crusher, Tractor Pulled Combined Harvester, Rice Transplanter, boom Sprayer (Tractor Mounted Sprayer) and other farm machinery and equipments for agricultural purpose including purchase of second hand tractor, thrashers, combined harvester and other farm machinery of maximum three years old and free from all encumbrances.
  - f) Hire charges for all agricultural machinery
5. Development loan for tea plantation/palm oil.
  6. Saw Machine for crate making for fruit
  7. Arboricultural Windbreaker, Shelterbelts. Hedges)
  8. Orchards and Nurseries (including all dry fruits Dates and Papaya etc.)
  9. Fencing
  10. Solar Energy. Plants /Windmills including installation cost
  11. Equipments for Sprinkles /Trickle Drip Irrigation System

## **SHORT – TERM**

### **A. FARM (CROP) CREDIT**

- ii) Storage, Transportation, Marketing, Packing and processing by farmers from field only
  - a) Storage Hire Charges
  - b) Transportation Hire Charges
  - c) Cost of Packing Material
  - d) Working Capital for Storage of Raw Agricultural/ Farm produce

iii) Effective Microbes Technology (EMT)

iv) Construction of Laboratory for integrated Pest Management (IPM)

## **MEDIUM/ LONG – TERM**

### **A. FARM (CROP) CREDIT**

- 1. Construction of cold storages and purchase of Refrigerator Van by farmers
  - 2. Construction of Godowns and Bins on farms
  - 3. Fixed capital for storage of Raw agricultural/ farm produce
  - 4. Purchase of trucks, bullock carts, transport machinery, country boats, forklifts etc.
    - a) Purchase of Pink-up and Mini Truck for agricultural
  - 5. Purchase Processing Machinery including seed dryers, vegetable dryers & fruit dryers for use at farms
- 
- 1. Effective Microbes Technology (EMT)
  - 1. Construction of Laboratory for Integrated pest Management (IPM)

## **SHORT – TERM**

### **B. NON-FARM (NON CROP CREDIT)**

- I. LIVESTOCK (Goat, Sheep and Cattle)
  - a) Feeds, Raising and Veterinary Expenses
  - b) Artificial insemination unit/ services

### 2. POULTRY

- a) Purchase of chicks
- b) Feeds and Raising Charges
- c) Poultry medicines

## **MEDIUM/ LONG – TERM**

### **B. NON-FARM (NON CROP CREDIT)**

- I. LIVESTOCK (Goat, Sheep and Cattle)
  - 1. Feed lots/ Fattening Station structure and Equipment.
  - 2. Livestock farm Structures and Equipments
  - 3. Purchase of Fattening Animals, Goat, Sheep and Milch animals
  - 4. Construction of Cold Storages by livestock producers.
  - 5. Milk Chilling Plant
  - 6. Milk Processing Plant through cooperative system cooperative systems
  - 7. Purchase of Motor Cycle for Milkmen.
  - 8. Farm Construction (Sheds for animal equipments and other farm requisites) including thrashing yards. Green house and plastic sheds
  - 9. Opening of Private Veterinary Clinics (Veterinary equipments, Purchase Of Medicines Vaccines And Allied Hospital Facilities)
  - 10. Opening Of Veterinary diagnostic Laboratories in private sector (Purchase) of Media, Regents, Equipments and allied Items)
  - 11. Opening of private artificial insemination centers (purchase of artificial Insemination equipments. And other related items)
  - 12. Opening of Veterinary Medicines Vaccines and other allied items)
  - 13. Compound feed making industry
- 2. POULTRY
  - 1. Hatchery farm structures and equipments
  - 2. Poultry farm structures and equipments
  - 3. Construction of cold storages by poultry producers

**SHORT – TERM**

**B. NON-FARM (NON CROP CREDIT)**

3. FORESTRY INCLUDING SOCIAL FORESTRY

FISHERIES (INLAND AND MARINE EXCLUDING DEEP SEA FISHING)

**A. INLAND**

- Fish seed
- Fish feed
- Manuring
- Running charges of tube wells/ pumping sets.
- Curing and drying by fishermen

**B. MARINE**

1. Fuel, Ration , Ice for Marine Fisheries

**MEDIUM/ LONG – TERM**

**B. NON-FARM (NON CROP CREDIT)**

3. FORESTRY INCLUDING SOCIAL FORESTRY

- Tree plantation including Bamboo/ sumbal/ Pine tree/ Diyar Cultivation & Nurseries
- Apiculture
- Sericulture

FISHERIES (INLAND AND MARINE EXCLUDING DEEP SEA FISHING)

**A. INLAND**

- Cost of Excavation/construction/ Expansion and rehabilitation of ponds
- Cost installation of tube well pumping sets ancillary structure.
- Water Channels
- Fencing
- Fishing boats (trawlers Sail boats)
- Nets Twines and ropes
- Fish yards
- Construction of cold storages by fisherman.
- Replacement of Engines

**B. MARINE**

1. Marine Engines and spare parts
  - a) Replacement of Engines and Spare parts
  - b) New boats, trawlers, imported engines and other equipments
2. New boats trawlers imported engines and other equipments
3. Other Boats equipments (Floats, lifebuoys, life jackets Navigational lights Compasses Echo sounders insulation materials)
4. Purchase of Marine Engines (Outboard and inboard)
5. Purchase of marine engines
6. Fishing boat and engine

**SHORT – TERM**

**B. NON-FARM (NON CROP CREDIT)**

BIO GAS PLANT

SULPHURIC ACID GENERATOR

**MEDIUM/ LONG – TERM**

**B. NON-FARM (NON CROP CREDIT)**

Cost of plant including installation cost

1. Sulphuric Acid Generator
