INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS

We have audited the accompanying consolidated financial statements of the State Bank of Pakistan (the Bank) and its subsidiaries, SBP Banking Services Corporation and National Institute of Banking and Finance (Guarantee) Limited (together "the Group"), which comprise of consolidated balance sheets of Issue Department and Banking Department respectively as at 30 June 2011 and consolidated profit and loss account, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes. We have also expressed separate joint opinions on the unconsolidated financial statements of the State Bank of Pakistan and its subsidiary, SBP Banking Services Corporation. National Institute of Banking and Finance (Guarantee) Limited was audited by another firm of Chartered Accountants, whose report has been furnished to us and our opinion in so far as it relates to the amounts included for this subsidiary is based solely on the audit report of other auditor.

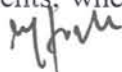

Management's responsibility for the financial statements

Management of the Bank is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the International Accounting Standards 1 to 38 and accounting policies for bank notes and coins, investments, gold reserves and transactions and balances with International Monetary Fund (IMF) as stated in note 4.1, 4.2, 4.5 and 4.16 respectively, to the consolidated financial statements approved for adoption by the Central Board of the Bank. Management is also responsible for the preparation and fair presentation of Impact of IAS 39 and IFRS 7 on the Bank's financial statements as disclosed in Annexure A to the consolidated financial statements, and for such internal controls as management determines are necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for qualified opinion

The Group has maintained a provision of Rs. 2,464 million relating to net assets recoverable from the Reserve Bank of India, the Government of India and those pertaining to transactions in Bangladesh (former East Pakistan). This provision has been recorded as other liability of the Banking Department and the relevant assets and liabilities have not been netted off. Accordingly, assets of the Issue Department and Banking Department are overstated by Rs. 5,987 million and Rs. 6,880 million respectively and liabilities and unrealized appreciation on gold reserve of the Banking Department are overstated by Rs. 8,522 million and Rs. 4,345 million, respectively.

Qualified opinion

In our opinion, except for the financial effect of the matter stated in the preceding paragraph, the consolidated financial statements give a true and fair view of the financial position of the Group as at 30 June 2011 and of its financial performance and its cash flows for the year then ended in accordance with International Accounting Standards 1 to 38 and accounting policies for bank notes and coins, investments, gold reserves and transactions and balances with IMF as stated in note 4.1, 4.2, 4.5 and 4.16 respectively, to the consolidated financial statements approved for adoption by the Central Board of the Bank.

Emphasis of Matter

We draw attention to the additional information given in note 48 to the consolidated financial statements. Our opinion is not qualified in respect of this matter.

STATE BANK OF PAKISTAN
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011

1. STATUS AND NATURE OF OPERATIONS

1.1 The Group comprises of:

1.1.1 State Bank of Pakistan (the Bank) is the central bank of Pakistan and is incorporated under the State Bank of Pakistan Act, 1956. The Bank is primarily responsible for the management of credit, foreign exchange and currency in the country and also acts as the fiscal agent of the Government. The activities of the Bank mainly include:

- implementing the monetary policy;
- issuing of currency;
- facilitation of free competition and stability in the financial system;
- licensing and supervision of banks including micro finance banks, development financial institutions and exchange companies;
- organisation and management of the inter-bank settlement system and promotion of smooth functioning of payment systems;
- providing of loans and advances to the Governments, banks, financial institutions and local authorities under various facilities;
- purchase, holding and sale of shares of banks and financial institutions on the directives of the Federal Government; and
- acting as depository of the Government under specific arrangements between the Government and certain institutions.

1.1.2 The subsidiaries of the Bank and the nature of their respective activities are as follows:

a) SBP Banking Services Corporation - wholly owned subsidiary:

SBP Banking Services Corporation ("the Corporation") was established under the SBP Banking Services Corporation Ordinance, 2001 in Pakistan and commenced its operations with effect from January 2, 2002. It is responsible for carrying out certain statutory and administrative functions and activities principally relating to public dealing on behalf of the State Bank of Pakistan.

b) National Institute of Banking and Finance (Guarantee) Limited - wholly owned subsidiary:

National Institute of Banking and Finance (Guarantee) Limited ("the Institute") was incorporated in Pakistan under the Companies Ordinance, 1984 as a company limited by guarantee. The institute is engaged in providing education and training in the field of banking, finance and allied areas.

- 1.2** The head office of the Bank is situated at I. I. Chudrigar Road, Karachi, in the province of Sindh, Pakistan.
- 1.3** The consolidated financial statements are presented in Pak Rupees, which is the Group's functional and presentation currency.

2. BASIS OF PREPERATION

The consolidated financial statements have been prepared in accordance with the requirements of International Accounting Standards (IASs) and policies for bank notes and coins, investments, gold reserves and transactions and balances with International Monetary Fund (IMF) as stated in note 4.1, 4.2, 4.5 and 4.16 respectively approved for adoption by the Central Board of the Bank. Under the power conferred by the State Bank of Pakistan Act, 1956, the Central Board has approved IAS-1 to IAS-38 for adoption. Where the requirements of policies adopted by the Central Board differ with the requirements of IASs adopted by the Central Board, the requirements of policies adopted by the Central Board take precedence.

Subsidiaries are entities controlled by the Bank. Control exist when the Bank has power to govern the financial and operating policies of an entity so as to obtain benefits from its activities . The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The consolidated financial statements include collectively the financial statements of the State Bank of Pakistan and its subsidiaries. Financial statements of the subsidiaries have been consolidated on a line-by-line basis.

All material inter group balances and transactions have been eliminated.

3. BASIS OF MEASUREMENT

- 3.1** These consolidated financial statements have been prepared under the historical cost convention, except that gold reserves, foreign currency reserves, special drawing rights of IMF, certain investments and certain property and equipment, as referred to in their respective notes have been included at revalued amounts.

3.2 *Use of estimates and judgments*

The preparation of consolidated financial statements in conformity with International Accounting Standards 1 to 38 and policies for bank notes and coins, investments, gold reserves and transactions and balances with IMF as stated in note 4.1, 4.2, 4.5 and 4.16 respectively, approved for adoption by the Central Board of the Bank, requires management to make judgments estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities that are not readily available from other sources. The estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. Judgments made by the management in the application of International Accounting Standards 1 to 38 and policies for bank notes and coins, investments, gold reserves and transactions and balances with IMF as stated in note 4.1, 4.2, 4.5 and 4.16 respectively, approved for adoption by the Central Board of the Bank, that have significant effect on the consolidated financial statements and estimates with significant risk of material adjustment in subsequent years are as follows:

3.2.1 *Provision against loans and advances*

The Group reviews its loan portfolio to assess recoverability of loans and advances and provision required there against on a continuous basis. While assessing this requirement, various factors including the delinquency in the account, financial position of the borrower and other relevant factors are considered. The amount of provision may require adjustment in case borrowers do not perform according to expectations.

3.2.2 *Impairment of available for-sale investments*

The Group determines that available-for-sale equity investments are impaired when there is a significant or prolonged decline in the fair value below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Group evaluates among other factors, the normal volatility in security price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology, and operational and financing cash flows.

3.2.3 *Held-to-maturity investments*

The Group classifies non-derivative financial assets with fixed or determinable payments and fixed maturity as held-to-maturity. In making this judgment, the Group evaluates its intention and ability to hold such investments to maturity.

3.2.4 *Retirement Benefits*

The key actuarial assumptions concerning the valuation of defined benefit plans and the sources of estimation are disclosed in note 42.2.1 to the consolidated financial statements.

3.2.5 *Useful life and residual value of property and equipment*

Estimates of useful life and residual value of property and equipment are based on the management's best estimate.

3.3 Accounting standards improvements / ammendments that are not yet effective or not relevant

The following standards improvements / ammendments are applicable from the date mentioned below against the respective standard/improvements:-

The Group expects that the adoption of the above revisions, amendments and interpretations of the standards will not have any material impact on the Group's consolidated financial statements in the period of initial application other than to the extent of certain changes and / or enhancement in the presentation and disclosures in the consolidated financial statements resulting from the application of amendments in IAS-24 and IAS-1.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Bank notes and coins

The liability of the Bank towards bank notes issued as a legal tender under the State Bank of Pakistan Act, 1956 is stated at the face value and is represented by the specified assets of the Issue Department of the Bank. The cost of printing of notes is charged to the profit and loss account as and when incurred. Any un-issued bank notes lying with the Bank are not reflected in the books of account.

The Bank also issues coins of various denominations on behalf of the Government of Pakistan (GOP). These coins are purchased from the GOP at their respective face values. The un-issued coins form part of the assets of the Issue Department.

4.2 Investments

All investments acquired by the Group are initially measured at cost being the fair value of consideration given. Transaction costs are included in the initial measurement of investments. Subsequent to initial measurement, the Group measures and classifies its investments under the following categories:

Held for trading

These securities are either acquired for generating a profit from short term fluctuations in market price, interest rate movements, dealer's margin or securities included in a portfolio in which a pattern of short term profit making exists. These instruments are subsequently re-measured at fair value. All related realised and unrealised gains and losses are recognised in the profit and loss account.

All purchases and sales of investments categorised as held-for-trading that required delivery with in the time frame established by regulation or market convention ('regular way' purchase and sale) are recognised at the trade date, which is the date the Group commits to purchase or sell the investment, other wise transactions are treated as derivatives until settlement occurs.

Held to maturity

These are financial assets with fixed or determinable payments and fixed maturity that the Group has the positive intent and ability to hold to maturity other than loans and receivables. These securities are carried at amortized cost, less accumulated impairment losses, if any, and premiums and/or discounts are accounted for using effective interest method.

All regular way purchases and sales are recognised at the trade date, which is the date the Group commits to purchase or sell the investment. Other wise transactions are treated as derivative until settlement occurs.

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. The amount of impairment loss for assets carried at amortised cost is calculated as the difference between the asset's carrying amount and present value of expected future cash flows discounted at the financial instrument's original effective interest rate. The amount of impairment loss is recognised in profit and loss account.

Loans and receivables

These are financial assets created by the Group by providing money directly to a debtor. Subsequent to initial recognition, these assets are carried at amortised cost and premiums and/or discounts are accounted for using the effective interest method.

All loans and advances are recognised when cash is advanced to borrowers. When a loan is uncollectible, it is written off against the related provision for impairment. Subsequent recoveries are credited in the profit and loss account.

An allowance for impairment is established if there is evidence that the Group will not be able to collect all amounts due according to the original contractual terms of loans and advances. The amount of the provision is the difference between the carrying amount and the amount recoverable from guarantees and collateral, discounted at the original effective interest rate of loans and advances.

Available for sale securities (AFS)

These are the securities which do not fall in any of the above three categories. Subsequent to initial recognition, these securities are measured at fair value except the strategic investments, including investments in National Bank of Pakistan, Habib Bank Limited, Allied Bank Limited and United Bank Limited, and investments in securities the fair value of which cannot be determined reliably. Gain or loss on changes in fair value is taken to and kept in equity until the investments are sold or disposed off, or until the investments are determined to be impaired, at that time cumulative gain or loss previously reported in the equity is included in profit and loss account. Available for sale financial assets are considered impaired when there is significant or prolonged decline in fair value.

Fair value of the financial instruments classified as held-for-trading and available for sale is their quoted bid price at the balance sheet date.

Derecognition

Investments classified as held-for-trading or available-for-sale are de-recognised by the Bank on the date it transfers the related risks and rewards. Securities held-to-maturity are de-recognised on the day titles on such securities are transferred by the Bank. Unrealised gains and losses on de-recognition of held for trading, held to maturity and AFS securities are taken to profit and loss account.

4.3 Derivative financial instruments

The Group uses derivative financial instruments which include forwards, futures and foreign currency swaps. Derivatives are initially recorded at cost and are re-measured to fair value on subsequent reporting dates. Forwards are shown under Commitments in the note 33.2. The resultant gains or losses from derivatives are included in the profit and loss account.

4.4 Collateralised borrowings / lending

Securities sold subject to a commitment to repurchase them at a pre-determined price, are retained on the balance sheet and a liability is recorded in respect of the consideration received in "Securities sold under agreement to repurchase". Conversely, securities purchased under analogous commitment to resale are not recognised on the balance sheet and an asset is recorded in respect of the consideration paid in "Securities purchased under agreement to resale". The difference between the sale and repurchase price in the repurchase transactions and the purchase price and resale price in reverse repurchase transaction represents an expense and income, respectively, and recognised in the profit and loss account on time proportion basis. Both repurchase and reverse repurchase transactions are reported at transaction value inclusive of any accrued expense/ income.

4.5 Gold reserves

Gold reserves, including those held with the Reserve Bank of India, are stated at the revalued amounts of the fine gold content thereof in accordance with the requirements of the State Bank of Pakistan Act, 1956 and the State Bank of Pakistan General Regulations. Appreciation or depreciation, if any, on revaluation is taken to equity under the head of "Unrealised appreciation on gold reserves" account. Appreciation / diminution realised on disposal of gold is credited to the profit and loss account.

4.6 Property and equipment

Property and equipment except land, buildings and capital work in progress are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Free hold land is stated at revalued amount. Lease hold land and buildings are stated at revalued amount less accumulated depreciation and accumulated impairment losses, if any. Capital work-in-progress is valued at cost.

Depreciation on property and equipment are charged to profit and loss account applying the straight-line method whereby the cost/revalued amount of an asset is written off over its estimated useful life at the rates specified in note 19.1 to these consolidated financial statements. The useful life of assets is reviewed and adjusted if appropriated, at each balance sheet date.

Depreciation on additions is charged to the profit and loss account from the month in which the asset is put to use while no depreciation is charged in the month in which the assets are deleted / disposed off. Normal repairs and maintenance are charged to the profit and loss account as and when incurred; major renewals and improvements are capitalised and the assets so replaced, if any, are retired. Gains and losses on disposal of fixed assets are included in profit and loss account.

Increase in carrying amount arising on revaluation of land and buildings are credited to revaluation surplus on revaluation of property and equipment. Decreases that offset previous increases of the same assets are charged against surplus on revaluation of property and equipment in equity, all other decreases are charged to profit and loss account. The surplus on revaluation realised on property and equipment is transferred to unappropriated profit.

4.7 Intangibles

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised using straight-line method over the period of three years. Where the carrying amount of an asset exceeds its estimated recoverable amount it is written down immediately to its recoverable amount.

4.8 Impairment

The carrying amounts of the Group's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment of any asset or a group of assets. If such indication exists, the recoverable amount of such assets is estimated. The recoverable amount is estimated as the present value of estimated future cash flows discounted at the assets original interest rate. An impairment loss is recognised in profit and loss account whenever the carrying amount of an asset or a group of assets exceeds its recoverable amount except for impairment loss on revalued assets which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of assets. Balances considered bad and irrecoverable are written off from the books of account. Provisions against impairment are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Changes in the provisions are recognised as income / expense in the profit and loss account.

If in a subsequent period amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed. Any subsequent reversal of an impairment is recognised in the income statement (except for revalued non financial assets), to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. In case of reversal of impairment loss on revalued non financial assets carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the amount which would have been determined had there been no impairment.

4.9 Compensated absences

The Group makes annual provision in respect of liability for employees' compensated absences based on actuarial estimates. The liability is estimated using the projected unit credit method.

4.10 Staff retirement benefits

The Bank and the Corporation operates:

- a) an unfunded contributory provident fund (old scheme) for those employees who joined the Bank prior to 1975 and opted to remain under the old scheme. The Bank provided an option to employees covered under old scheme to join Employer Contributory Provident Fund Scheme - ECPF (new scheme) effective from June 1, 2007. Under this scheme contribution is made both by the employer and employee at the rate of 6% of the monetized salary. Moreover, employees joining the Bank service after June 1, 2007 are covered under the new scheme.
- b) an unfunded general provident fund (GPF) scheme for all those employees who joined the Bank after 1975 and those employees who had joined prior to 1975 but opted for the new scheme. Under this scheme contribution is made by the employee only at the rate of 5% of the monetized salary.
- c) following other staff retirement benefit schemes:
 - an unfunded gratuity scheme (old scheme) for all employees other than those who opted for the new general provident fund scheme, or joined the Bank after 1975 and are entitled only to pension scheme benefits.
 - an Employees' Gratuity Fund (EGF) was introduced by the Bank effective from June 1, 2007 for all its employees other than those who opted for pension scheme or unfunded gratuity scheme (old scheme).
 - an un-funded pension scheme for those employees who joined the Bank after 1975 and before the introduction of EGF which is effective from June 1, 2007.
 - an un-funded benevolent fund scheme; and
 - an un-funded post retirement medical benefit scheme.

Obligations for contributions to defined contribution provident plans are recognised as an expense in the profit and loss account as and when incurred.

Annual provisions are made by the Group to cover the obligations arising under defined benefits schemes based on actuarial recommendations. The actuarial valuations are carried out under the "Projected Unit Credit Method". The most recent valuation in this regard is carried out as at June 30, 2011. Unrecognised actuarial gains and losses at the beginning of the year are recognised in the profit and loss account over the expected average remaining working lives of the employees.

The above staff retirement benefits are payable on completion of prescribed qualifying period of service.

4.11 Deferred income

Grants received on account of capital expenditure are recorded as deferred income. These are amortised over the useful life of the relevant asset.

4.12 Revenue recognition

- discount, interest / mark-up and / or return on loans and advances and investments are recorded on time proportion basis that takes into account the effective yield on the asset. However, income on balances with Bangladesh (former East Pakistan), doubtful loans and advances and overdue return on investments are recognised as income on receipt basis.
- commission income is recognised when related services are rendered.
- dividend income is recognised when the Group's right to receive dividend is established.
- gains / losses on disposal of securities are recognised in profit and loss account at trade date.
- all other revenues are recognised on time proportion basis.
- training and education fee is recognised on completion of relevant courses.
- hostel income is recognised on performing services.

4.13 Finances under profit and loss sharing arrangements

The Group provides various finances to financial institutions under profit and loss sharing arrangements. Share of profit / loss under these arrangements is recognised on accrual basis.

4.14 Taxation

The income of the Bank and the Corporation is exempt from tax under section 49 of the State Bank of Pakistan Act, 1956. Further, income of the institute is also exempt from income tax as per clause 92 of Part I of Second Schedule to the Income Tax Ordinance, 2001.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are translated to Pak Rupees at the foreign exchange rate prevailing at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into rupees at the closing rate of exchange prevailing at the balance sheet date.

Exchange gains and losses are taken to the profit and loss account except for certain exchange differences on balances with the International Monetary Fund, referred to in note 4.16, which are transferred to the Government of Pakistan account.

Exchange differences arising under Exchange Risk Coverage Scheme and on currency swap transactions are recognised in the books of account on accrual basis.

Commitments for outstanding forward foreign exchange contracts disclosed in note 33.2 to the consolidated financial statements are translated at forward rates applicable to their respective maturities. Contingent liabilities/commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the closing rate of exchange ruling on the balance sheet date.

4.16 Transactions and balances with International Monetary Fund

Transactions and balances with the International Monetary Fund (IMF) are recorded on the basis of accounting policy approved by the Central Board of the Bank. A summary of the policies followed by the Group for recording of these transactions and balances is as follows:

- the Government's contribution for quota with the IMF is recorded by the Group as depository of the Government and exchange differences arising under these arrangements are transferred to the Government account.
- exchange gains or losses arising on revaluation of borrowings from the IMF are recognised in the profit and loss account.
- the cumulative allocation of Special Drawing Rights (SDRs) by the IMF is recorded as a liability to non resident and is translated at closing exchange rate for SDRs prevailing at the balance sheet date. Exchange differences on translation of SDRs is recognised in profit and loss account.
- commitment fee is charged to profit and loss account on date of the commitment of Funds by IMF.
- service charge is recognised in profit and loss account at the time of receipt of IMF tranches.

All other income or charges pertaining to balances with the IMF are taken to the profit and loss account, including the following:

- charges on borrowings under credit schemes and fund facilities,
- charges on net cumulative allocation of SDRs; and
- return on holdings of SDRs.

4.17 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

4.18 Cash and cash equivalents

Cash and cash equivalents include cash, foreign currency reserves, earmarked foreign currency balances, SDR, balances in the current and deposit accounts and securities that are realisable in known amounts of cash within three months and which are subject to insignificant changes in value.

4.19 Financial instruments

Financial assets and liabilities are recognised at the time when the Group becomes a party to the contractual provisions of the instrument. The Group derecognises financial asset when the contractual right to the cash flow from a financial asset expires or when the Group transfers substantially all the risk and rewards of ownership of the financial asset. The Group derecognises a financial liability when the liability is extinguished, discharged, cancelled or expired.

Any gain or loss on the derecognition of the financial assets and liabilities is included in the profit and loss account currently.

Financial instruments carried on the balance sheet include local currency, foreign currency reserves and balances, investments, loans and advances, bills payable, deposits of banks and financial institutions, balances under repurchase and reverse transactions, government accounts, balances with IMF, other deposits accounts and liabilities. The particular recognition and measurement methods adopted are disclosed in the individual policy statements associated with each financial instrument.

4.20 Stationary and other consumables

Stationary and other consumables are valued at the lower of cost and net realisable value. Cost comprises cost of purchases and other costs incurred in bringing the items to their present location and condition. Replacement cost of the items is used to measure the net realizeable value. Provision is made for items which are not used for a considerable period of time.

4.21 Accounts receivables and other receivables

Accounts receivables and other receivables are carried at invoice amount less an allowance for any uncollectible amounts. Known bad debts are written off when identified.

4.22 Trade and other payables

Liabilities for trade and other amounts payable are carried at amortized cost, which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Institute.

4.23 Offsetting

A financial asset and a financial liability is offset and the net amount is reported in the balance sheet when the Group has a legally enforceable right to set off the recognised amounts and it intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

- b) Certain employees of the Bank who had retired under the Early Retirement Incentive Scheme (ERIS) introduced in the year 2000 had filed a case against the Bank in the Federal Services Tribunal (FST) for the enhancement of their entitlement paid under the above scheme. The Tribunal has decided the case in favour of these employees and has directed that the entitlement under the above scheme should include the effect of subsequent increases in certain staff retirement and other benefits. The Bank, in response to the above decision of the Tribunal filed a civil petition for leave to appeal in the Supreme Court of Pakistan. During the previous year, the Honourable Bench of the Supreme Court of Pakistan set aside the judgment of FST and allowed employees to avail proper forum. The employees have filed an appeal in the Honourable Lahore High Court, Rawalpindi Bench, the decision of which is pending. The management is confident that the Bank would not have to bear any additional expenditure on this account and, accordingly, no provision has been made in this respect.

46. RISK MANAGEMENT POLICIES

The Group is primarily subject to interest / mark-up rate, credit, currency and liquidity risks. The policies and procedures for managing these risks are outlined in notes 46.1 to 46.5. The Group has designed and implemented a framework of controls to identify, monitor and manage these risks. The senior management is responsible for advising the Governor on the monitoring and management of these risks.

46.1 Credit risk management

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Credit risk in the Group's portfolio is monitored, reviewed and analysed by the appropriate officials and the exposure is controlled through counterparty and credit limits. Counterparties are allocated to a particular class based mainly on their credit rating. Foreign currency placements are made in approved currencies and government securities. Loans and advances to scheduled banks and financial institutions are usually secured either by Government guarantees or by demand promissory notes. Geographical exposures are controlled by country limits and are updated as and when necessary with all limits formally reviewed on a periodic basis. The Group's exposure to credit risk associated with foreign operations is managed by monitoring compliance with investment limits for counterparties. The Group's credit risk mainly lies with exposure towards government sector and financial institutions.

46.2 INTEREST / MARK-UP RATE RISK

Interest / mark-up rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market interest/ mark-up rates. The Group has adopted appropriate policies to minimise its exposure to this risk.

46.3 Currency risk management

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency activities result mainly from the Group's holding of foreign currency assets under its foreign reserves management function and the overall level of these assets is determined based on the prevailing extent of credit and liquidity risks. In order to avoid losses arising from adverse changes in the rates of exchange, the Group's compliance with the limits established for foreign currency positions is being regularly monitored by the management.

The Group also holds from time to time, foreign currency assets and liabilities that arise from the implementation of domestic monetary policies. Any foreign currency exposure relating to these implementation activities are hedged through the use of foreign currency forwards, swaps and other transactions.

The Group also enters into forward foreign exchange contracts with the commercial banks and financial institutions to hedge against the currency risk on foreign currency transactions.

46.4 Liquidity risk management

Liquidity risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with the financial instruments. In order to reduce the level of liquidity risk arising out of the local currency activities, the Group manages the daily liquidity position of the banking system including advancing and withdrawal of funds from the system for smoothening out daily peaks and troughs.

The risk arising out of the Group's obligations for foreign currency balances or deposits is managed through available reserves generated mainly from borrowings and open market operations.

46.5 Portfolio risk management

The Group has appointed external managers to invest a part of the foreign exchange reserves in international fixed income securities. The external managers are selected after conducting a thorough due diligence by the Group and externally hired investment consultants, and appointed after the approval of the Central Board. The mandates awarded to the managers require them to outperform the benchmarks which are based on fixed income global aggregate indices. The benchmarks are customized to exclude certain securities, currencies, and maturities to bring it to an acceptable level of risk and within the Group's approved risk appetite. Managers are provided investment guidelines within which they have to generate excess returns over the benchmark. Safe custody of the portfolio is provided through carefully selected global custodian who is independent of the portfolio managers. The custodian also provides valuation, compliance, corporate actions and recovery, and other value added services which are typically provided by such custodian. The valuations provided by the custodian is reconciled with the portfolio managers, and recorded accordingly.

47. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying value of all the financial instruments reflected in the consolidated financial statements approximates their fair value, except strategic investments as mentioned in note 11.3.1 which are carried at cost less permanent impairment in value, if any.

48. IMPACT OF IAS 39 AND IFRS 7

Although the Group has not adopted International Accounting Standard IAS-39 "Financial Instruments: Recognition and Measurement" (IAS 39) and International Financial Reporting Standard IFRS-7 "Financial Instruments : Disclosures" (IFRS 7) for the year ended June 30, 2011, however, impacts of these standards are disclosed in Annexure - A to the consolidated financial statements.

49. DATE OF AUTHORISATION

These consolidated financial statements were authorised for issue on 8th October 2011, by the Central Board of Directors of the Bank.

For the purpose of valuation of listed equity investments, rates quoted at Karachi Stock Exchange have been used. However, in view of the strategic nature of investments, the quoted rate may not be representative of fair value as disclosed in note 4.2 of these financial statements.

IFRS 7 concerns with certain disclosures regarding financial assets and financial liabilities including the liquidity risk, credit risk, market risk and sensitivity analysis thereof. The adoption of this standard would not impact materially the value of financial assets and financial liabilities as appearing on the balance sheet under the current accounting framework.
