Trade data compiled by Federal Bureau of Statistics and State Bank of

Pakistan may differ from each other due to the following reasons:-

1. The SBP Exports (BOP) & Imports (BOP) include general merchandise, repairs on goods and goods procured on parts by carriers. The SBP export and imports are based on realization of export proceeds and import payments made through the banking channel. Information on exports and imports unaccounted for by the banking channel are collected from the relevant sources and added to the exports/imports data reported by banks to arrive at the overall exports and imports. The trade data of FBS is, on the other hand, based on physical movement of goods crossing the custom boundaries of Pakistan
2. The SBP data before FY05 is general merchandise based on Balance of Payments Manual 4 (BPM4) and onward on Balance of Payments Manual 5 (BPM 5) whereas FBS data is on Carriage Insurance & Freight (c.i.f) basis.
