

State Bank of Pakistan Banking Services Corporation – Sukkur Office

The State Bank of Pakistan Banking Services Corporation (SBP BSC), Sukkur Office, serves as a key operational and developmental arm of the State Bank of Pakistan in the upper Sindh region. The office plays a vital role in ensuring efficient currency management, promoting financial inclusion, strengthening the financial sector, and supporting the implementation of central bank policies at the regional level.

SBP BSC Sukkur actively collaborates with commercial banks, microfinance institutions, government departments, and other stakeholders to enhance access to financial services for individuals, businesses, and underserved segments of society. Through focused initiatives in digital financial services, agricultural finance, SME development, consumer protection, and financial literacy, the office contributes to inclusive and sustainable economic growth in the region.

In addition to its developmental role, the Sukkur Office is responsible for currency operations, prize bond management, and oversight of banking services to ensure smooth functioning of the financial system. The office also undertakes public awareness activities related to banknote security features, digital payment systems, and government-led cashless initiatives.

Guided by the vision of the State Bank of Pakistan, SBP BSC Sukkur remains committed to promoting a stable, efficient, and inclusive financial system, while fostering strong partnerships with stakeholders to support regional development and national economic objectives.
