1. Introduction

State Bank of Pakistan (SBP) is the Central Bank of the country. The primary objective of the Bank is to achieve and maintain domestic price stability. Without prejudice to the Bank's primary objective, the Bank contributes to the stability of the financial system of Pakistan. The Bank also support the Government's general economic policies with a view to contributing to fostering the development and fuller utilization of Pakistan's productive resources

In light of recent amendments in the SBP Act 1956 (as amended), the terms and conditions of service, including remuneration, of the Governor, the Deputy Governors, and external members of the Monetary Policy Committee shall be determined by the Board of Directors. Further, while determining the remuneration of the Governor, Deputy Governors and the fees of the non-executive Directors and external members of the Monetary Policy Committee, the average relevant level of remuneration or fees prevalent in the financial sector of Pakistan for comparable levels of appointment shall be taken into account, in order to allow for qualified professionals to be recruited and retained.

2. Objectives

To provide the relevant information needed for the Board to determine the terms and conditions of service including remuneration of Governor SBP, Deputy Governors SBP, and External Members of Monetary Policy Committee. This information would include an appropriate comparator group of institutions in the financial sector and information on terms and conditions for comparable levels of appointment. Comparable levels of appointment would correspond to (i) Chairman of the Board/CEO for the Governor; (ii) Deputy CEOs or equivalent for the Deputy Governors; and (iii) Board Members for the external members of the Monetary Policy Committee.

3. Scope of Work

The scope of the compensation and benefits survey will include, but not be limited to the following:

- i. To identify and recommend a comparator pool of institutions operating in the financial sector of Pakistan that are comparable in their importance to the State Bank of Pakistan, in order to allow for qualified professionals to be recruited and retained. A rationale for selecting them should also be provided.
- ii. To compile information on (a) salary/remuneration; (b) benefits (cash and non-cash); and (c) other terms and conditions offered to the Chairman of the Board/CEO and Deputy CEOs or equivalent by the comparators identified in (i) above. Benefits and other terms and conditions would include but not be limited to information on: leave, medical benefits for self and family, pension, life insurance, housing, car and driver facility, petrol allowance, security, housing, utilities, education allowance for family, property and other staff loan facility, allowance for domestic help, mobile phone, IT equipment, dislocation allowance, club membership, one-time appointment and termination benefits, and other benefits or terms and conditions.
- iii. To recommend the salary/remuneration and benefits (cash and non-cash) as well as other terms and conditions for the Governor and Deputy Governors based on (i) and (ii) above, and based on a consideration of the average across the comparators. For non-cash benefits as well as other terms and conditions, a set of options could be presented that can be considered an average across the comparators.

- iv. To compile information on the time-period and method for revising the salary/remuneration, benefits (cash and non-cash) as well as other terms and conditions during the period of service in the comparators; and recommend how these should be applied to the Governor and Deputy Governors, based on average practices in the comparators.
- v. To compile information on terms and conditions including remuneration admissible to Board members in the comparators determined in (i) above.
- vi. To recommend the terms and conditions including remuneration for external members of the Monetary Policy Committee based on a consideration of the average across the comparators identified in (v) above. This would primarily relate to the fees to be paid for such members.
